

Variable Name	Lever	Variable Name	Lever	Variable Name	Lever
ADLs			Behaviors		
Bathing- Usual	Supervision or touching assistance	Transfer- Roll Left/Right- Usual	Supervision or touching assistance	Injurious to Self- Behavior Status	Currently requires intervention and/or disp
Bathing- Most Dependent	Supervision or touching assistance	Transfer- Roll Left/Right- Most Dependent	Supervision or touching assistance	Injurious to Self- Cueing Frequency	3) More than once per week and up to dail
Dressing- Upper Body- Usual	Supervision or touching assistance	Transfer- Sit to Lying- Usual	Supervision or touching assistance	Injurious to Self- Physical Intervention Freq.	3) More than once per week and up to dail
Dressing- Upper Body- Most Dependent	Supervision or touching assistance	Transfer- Sit to Lying-- Most Dependent	Supervision or touching assistance	Injurious to Self- Planned Intervention Freq.	3) More than once per week and up to dail
Dressing- Lower Body- Usual	Supervision or touching assistance	Transfer- Lying to Sitting- Usual	Supervision or touching assistance	Injurious to Self- Other Frequency	3) More than once per week and up to dail
Dressing- Lower Body- Most Dependent	Supervision or touching assistance	Transfer- Lying to Sitting- Most Dependent	Supervision or touching assistance	Physically Aggressive- Behavior Status	Currently requires intervention and/or disp
Dressing- Footwear- Usual	Supervision or touching assistance	Transfer- Sit to Stand- Usual	Supervision or touching assistance	Physically Aggressive- Cueing Frequency	3) More than once per week and up to dail
Dressing- Footwear- Most Dependent	Supervision or touching assistance	Transfer- Sit to Stand- Most Dependent	Supervision or touching assistance	Physically Aggressive- Physical Intervention Freq.	3) More than once per week and up to dail
Dressing- Outfit for Weather	Moderately impaired: Demonstrates marke	Transfer- Chair/Bed to Chair- Usual	Supervision or touching assistance	Physically Aggressive- Planned Intervention Freq.	3) More than once per week and up to dail
Toileting- Toilet Hygiene- Usual	Supervision or touching assistance	Transfer- Chair/Bed to Chair- Most Dependent	Supervision or touching assistance	Physically Aggressive- Other Frequency	3) More than once per week and up to dail
Toileting- Toilet Hygiene- Most Dependent	Supervision or touching assistance	Transfer- Car Transfer- Usual	Supervision or touching assistance	Verbally Aggressive- Behavior Status	Currently requires intervention and/or disp
Toileting- Toilet Transfer- Usual	Supervision or touching assistance	Transfer- Car Transfer- Most Dependent	Supervision or touching assistance	Verbally Aggressive- Cueing Frequency	3) More than once per week and up to dail
Toileting- Toilet Transfer- Most Dependent	Supervision or touching assistance	Eating- Eating- Usual	Supervision or touching assistance	Verbally Aggressive- Physical Intervention Freq.	3) More than once per week and up to dail
Toileting- Menses Care- Usual	Supervision or touching assistance	Eating- Eating- Most Dependent	Supervision or touching assistance	Verbally Aggressive- Planned Intervention Freq.	3) More than once per week and up to dail
Toileting- Menses Care- Most Dependent	Supervision or touching assistance	Eating- Tube Feeding- Usual	Supervision or touching assistance	Verbally Aggressive- Other Frequency	3) More than once per week and up to dail
Toileting- Clean After Toileting	Daily	Eating- Tube Feeding- Most Dependent	Supervision or touching assistance	Verbally Aggressive- Threat to Safety	Yes
Toileting- Toilet Environment	Daily			Property Destruction- Behavior Status	Currently requires intervention and/or disp
Toileting- Bladder Equipment	Yes			Property Destruction- Cueing Frequency	3) More than once per week and up to dail
Toileting- Bladder Program	Yes			Property Destruction- Physical Intervention Freq.	3) More than once per week and up to dail
Toileting- Bowel Equipment	Yes			Property Destruction- Planned Intervention Freq.	3) More than once per week and up to dail
Toileting- Bowel Program	Yes			Property Destruction- Other Frequency	3) More than once per week and up to dail
Mobility- Participant Walk	Yes			Likelihood Behavior Reoccur if Services Withdrawn	Behavior would almost certainly reoccur
Mobility- Walk 10 Feet- Usual	Supervision or touching assistance			Memory & Cognition	
Mobility- Walk 10 Feet- Most Dependent	Supervision or touching assistance			Severity of Memory Issue	Moderately impaired: Demonstrates marke
Mobility- Walk 50 Feet- Usual	Supervision or touching assistance			Severity of Attention Issue	Moderately impaired: Demonstrates marke
Mobility- Walk 50 Feet- Most Dependent	Supervision or touching assistance			Severity of Problem Solving Issue	Moderately impaired: Demonstrates marke
Mobility- Walk 150 Feet- Usual	Supervision or touching assistance			Severity of Planning Issue	Moderately impaired: Demonstrates marke
Mobility- Walk 150 Feet- Most Dependent	Supervision or touching assistance			Severity of Judgment Issue	Moderately impaired: Demonstrates marke
Mobility- Walk Outside- Usual	Supervision or touching assistance			Ability to Make Decisions	Moderately impaired: Demonstrates marke
Mobility- Walk Outside- Most Dependent	Supervision or touching assistance			Ability to Express Self to Individuals Familiar With	Frequently exhibits difficulty with expressir
Mobility- Use Wheelchair	Yes			Ability to Express Self to Individuals Unfamiliar With	Frequently exhibits difficulty with expressir
Mobility- Type of Wheelchair	Motorized wheelchair/scooter				
Mobility- Wheel 50 Feet- Usual	Supervision or touching assistance				
Mobility- Wheel 50 Feet- Most Dependent	Supervision or touching assistance				
Mobility- Wheel 150 Feet- Usual	Supervision or touching assistance				
Mobility- Wheel 150 Feet- Most Dependent	Supervision or touching assistance				

Color Coding for Levers from Highest Level of Support to Lowest
Green (Highest)
Purple
Blue
Yellow
Orange
Red (Lowest)
Black (Not using lever)
