The following information explains the different types of medical care charges:

- **Ambulatory Surgery** charges are for all non-physician (facility) Ambulatory Surgery operative procedures received by a Client who is admitted to and discharged from the hospital setting on the same day. The Client is also responsible for the corresponding Hospital Physician charges.
- **Inpatient Facility** charges are for all non-physician (facility) services received by a Client while receiving care in the hospital setting for a continuous stay of 24 hours or longer.
- **Hospital Physician** charges are for services provided directly by a physician in the hospital setting, including inpatient, ambulatory surgery, and emergency room care.
- **Emergency Room** charges are for all non-physician (facility) services received by a Client while receiving Emergency Care or Urgent Care in the hospital setting for a continuous stay less than 24 hours (i.e., emergency room care).
- **Emergency Transportation** charges are for transportation provided by an ambulance.
- **Outpatient Hospital Service** charges are for all non-physician (facility) and physician services received by a Client while receiving non-Emergency Care or non-Urgent Care in the outpatient clinic setting. Charge includes primary and preventive medical care; does not include radiology, laboratory, emergency room, or ambulatory surgery services provided in a hospital setting.
- **Clinic Services** charges are for all non-physician (facility) and physician services received by a Client while receiving care in the outpatient clinic setting. Charges include primary and preventive medical care. Charge does not include radiology or laboratory services performed at the clinic.
- **Specialty Outpatient** charges are for all non-physician (facility) and physician services received by a Client while receiving care in the specialty outpatient setting. These services can be provided in standalone clinics and outpatient hospital settings. Specialty Outpatient charges include distinctive medical care (i.e., oncology, orthopedics, hematology, pulmonary) that is not normally available as primary and preventive medical care. Charges do not include radiology, laboratory, emergency room, or ambulatory surgery services provided in a hospital setting.
- **Outpatient Pharmacy** charges are for prescription drugs received by a Client at a Qualified Health Care Provider's pharmacy as an outpatient service.
- **Laboratory Service** charges are for all laboratory tests received by a Client while receiving care in the outpatient hospital or clinic setting. Laboratory Service charges may not be charged in addition to charges for emergency room or inpatient services provided in the hospital setting.
- **Basic Radiology and Imaging Service** charges are for all radiology and imaging services received by a Client while receiving care in the outpatient hospital or clinic setting. Basic Radiology and Imaging Service charges may not be charged in addition to charges for emergency room or inpatient services provided in the hospital setting.
- **High-Level Radiology and Imaging Service** charges are for Clients receiving a Magnetic Resonance Imaging (MRI), Computed Tomography (CT), Positron Emission Tomography (PET) or other Nuclear Medicine services, Sleep Studies, or Catheterization Laboratory (cath lab) in the outpatient hospital, emergency room, or clinic setting. This copayment already includes the outpatient facility charge and therefore MAY NOT be combined with any other outpatient facility charge (i.e. Emergency Room, Specialty Outpatient Clinic).

Clients who are seen in the hospital setting in an observation bed should be charged the emergency room copay if their stay is less than 24 hours and the inpatient facility copay if their stay is 24 hours or longer.

Section 4.08 Electronic Signatures

Providers are allowed to utilize programs to collect electronic signatures from applicants. In order for the electronic signature program to be acceptable, it must have the ability to capture a date and time stamp of the applicant and eligibility technician signatures.

If the provider is sending the applicant an electronic “packet” that includes all necessary pages of the application, then the applicant would be allowed to sign a packet signature page. The packet signature page should include the Penalty Clause, Confirmation Statement and Authorization for Release of Information statement included on the CICP Application worksheet with an additional sentence indicating that they agree to all information on every worksheet, their calculated rating, and their copayment cap.

This packet signature does NOT include the lawful presence affidavit or the No SSN Form, which must be signed separately.

The following is an example of an approved packet signature page. The page should include the names and signatures of the applicant and the eligibility technician, the date of the signatures, and the facility name and phone number. If your facility wishes to use other language, it will need to be approved by the Department.

CICP

Colorado Indigent Care Program

Welcome to the Colorado Indigent Care Program (CICP)

The Colorado Indigent Care Program (CICP) is a discounted health care program for residents of Colorado. Health care providers who participate in the CICP offer discounted health care services to people who qualify for the program.

The CICP health care provider has assigned you a rating based on your financial resources. Your rating determined what your CICP copayment is. The copayment is the portion of your medical bills under the CICP that you will be responsible for. Payment of the copayment is expected at the time of service, unless you have made other payment arrangements with the CICP provider.

The CICP is not health insurance and the CICP cannot guarantee benefits. Services must be received by a qualified CICP provider. Available discounted services and copayments may be different from provider to provider. If your CICP provider refers you to a non-CICP health care provider for care, you may be responsible for the bill without a discount. Please check with your health care provider before receiving care so that you understand what CICP will cover and what it will not cover.

Please discuss questions about your medical bills and medical care directly with your CICP provider at the following phone number:

If you need more information about CICP, or have concerns that have not been resolved with your CICP provider, call:
