

## NightMAC Meeting Minutes

Google Hangouts  
Virtual

September 27, 2023

### 1. Welcome and Introductions

### 2. Department Updates

#### **Presentation: ACC Discussion - Matt Sundeen**

Health Care Policy and Financing (HCPF) has been completing the ACC in phases. The ACC was developed from a need to support members.

**ACC Phase 2:** will be completed in 2025. The ACC focuses on regionality, regional solutions. Divide the state into multiple regions, promoting physical and behavioral health (BH). We contract with PCMPs and are responsible for incorporating BH component. RAEs are responsible on both sides of regular care and BH.

**ACC Phase 3:** Work on phase 3 began a year ago. Community engagement is ongoing. A draft was released in Nov. 2023. Final RFP will be done in 2024 with awards in Sept. 2024.

**Stakeholder engagement:** Doing plenty of work on stakeholder engagement. Most members are getting the support they need. This work supports members and providers. The RAEs will have advisory committees as we look forward.

**Challenges:** Administrative and in contracting, there are some inconsistencies.

- Alignment with knowledge and gaps for BH services.
- RAE models versus CO Plan
- Our method: Feel it meets the needs of our members and providers
- Full managed arrangement does not work with our members
- RAE model is partial managed model, hybrid

#### **Quality Care Development:**

- High level Strategic incentives
- Standardized BH for youth
- Measures: Choose from objectives from CMS measures to reduce the admin burden on those providers

**Making Care Primary Tools:**

- Standardized processes for inpatient and more
- Consider more complex youth assessments
- Implement evidence-based care models
- BH responsibility to expand network
- Intensive outpatient services
- Crisis continuum of care
- Alternative payment models
- Reducing payment models for providers
- EDIA work related to RAEs
- Supportive housing services
- Homeless, incarcerated, health info tool
- Web Based tool - health related screening
- Medically tailored meals

**Care Coordination Tools:**

- Tailor services to meet the members
- Relationships with community-based organizations
- BH transformation
- Exploring funding
- Connecting with community organizations
- Finding a balance for children with additional needs
- Intensive care coordination with experts

**Questions:**

Primary care, off-the-cuff outcomes, aren't working well in underserved areas.

How do we find the balance?

- Challenges we are looking at, role for the RAEs and support for providers. Help with connection points.

How do RAEs connect with dentists that are connected to primary networks?

- Separate network of providers for dental support and PCP, and make sure they are connected.
- New contracts to support dentists and PCP

**Alt payment Models:**

- Pediatric specific model
- How do we design the ACC to improve services?

(ADA Notice) Reasonable accommodations will be provided upon request for persons with disabilities. Please notify the Committee Coordinator at 720-600-1230 or [jerrilyn.chavez@state.co.us](mailto:jerrilyn.chavez@state.co.us) or the 504/ADA Coordinator [hcpf504ada@state.co.us](mailto:hcpf504ada@state.co.us) at least one week prior to the meeting.

Our mission is to improve health care access and outcomes for the people we serve while demonstrating sound stewardship of financial resources.
