

CHP- Caseload By County

Table with columns for County Name and monthly caseload data from Dec-21 to Nov-24. The table lists 104 counties and their respective caseload numbers for each month.

*As of March 2017, the data source for this program's caseload has changed from the Medicaid Management Information System to the Inter-CHP.

*Counties with fewer than 30 clients are not reported (NR).
