Notes:  
 1) Historically, DIDD State Only Programs and QA/UR/SIS do not have expenditures in accounting period 1. They do, however, have historical expenditures in periods 02 through 13.  
 2) Family Support Services Program does not have a caseload appropriation. Services are rendered on a case-by-case and as needed basis.  
 3) Starting July 2018, the Department began reporting the number of persons moved off the developmental disabilities waiting list, specifying the authorizations initiated under order of selection (waiting list) and the authorizations initiated under reserve capacity criteria per HB 18-1407 requirements.  
 These numbers represent the total number of authorizations that occurred in a month and will not match enrollment as there is a time lag between notice of authorization and enrollment. The number of authorizations is cumulative and represents the number of unique authorizations, which includes declines. <30 values cannot be displayed due to the Health Insurance Portability and Accountability Act of 1996 (HIPAA). The Department will report year-to-date authorizations at six month increments
