| John | Adding QBHA as service provider | Just noticing this will be added July 1 |
| John | Remove CMHC policy to allow them to serve as rendering provider – For Jan 2025 edition. | Exception came about due to volume and admin burden. Could CSNP bill on facility claim (UB) since they will be paid by PPS? John will bring to internal team for review. |
| John | Implementation of 23-174 effective July 1, 2024 | TCM? Can we add a care coordination code, or expand H0023 to expand scope of services that includes helping a member connect. Committee will research possible code. |
| | | One thing I want to put in the back of our minds is if we should consider adding an explicit call out for if a person had a diagnosis, then please use that diagnosis? Just thinking about staying compliant with using the most accurate diagnosis for a person as best practice. |
