

ACC APM 1 - Measure Set Program Year 2025

Mandatory Measures: All primary care medical providers (PCMPs) must report on the three primary mandatory measures (#1-#3) listed in either the Mandatory Peds or Adults columns.

Specific to the Mandatory Peds Set: The same number appearing in the column twice indicates that a PCMP can select either mandatory measure. (Example: PCMPs can select either Adolescent Immunizations (Combo 2) OR Childhood Immunization Status (Combo 10) as the first mandatory measure).
