

# County Grant Program Conditions of Funding and Monitoring Plan

## *Acceptance of Conditions of Funding*

By completing and submitting the FY 2025-26 County Grant Program Application, the applicant agrees to abide by the County Grant Program Conditions of Funding and Monitoring Plan and the Colorado Department of Health Care Policy and Financing (HCPF) finance rules as stated in 10 CCR 2505-5, if the proposed project is approved.

County Grant Program Conditions of Funding can be found as an Appendix when you apply in Onspring. The applicant's proposed project may come with additional Conditions of Funding. Any additional conditions will be listed on the applicant's Notice of Grant Determination (also known as the Award Letter). All Conditions of Funding must be met to be eligible for funding through the County Grant Program. **Failure to comply with the Conditions of Funding and Monitoring Plan may result in disallowances, subrecipient monitoring, audits and sanctions.**

Attached to the grantee's Award Letter is an intergovernmental grant agreement that is signed by the HCPF's Executive Director. The intergovernmental grant agreement codifies the County Grant Program's Conditions of Funding and Monitoring Plan with the grantee. The expenditure of any grant funding after issuance of the intergovernmental grant agreement indicates that the grantee agrees to abide by all applicable rules, regulations, requirements and conditions. **The intergovernmental grant agreement is unilateral and does not require signature from the grantee.**

## *Application Process Conditions of Funding*

The applicant's proposed project must be replicable statewide or regionally, if the project is deemed a success. Projects that are not replicable statewide or regionally are not eligible for funding.

If a county is approved for a project in which other counties participate, the awarded county is responsible for obtaining a letter of support from each participating county. Each

participating county must identify and designate a contact person within their human services office to be the accountable designee for that county's participation in the grant.

Funding requests exceeding the fiscal year's average application funding request amount may be required to provide additional information and/or supplemental documentation during the application scoring process and/or interview. Those applicants impacted by this requirement may be notified prior to the scoring process and/or interview.

The applicant must provide quotes, letters of support, or other documentation in support of budget requests for proposed projects where the county will serve as a pass-through entity for county grant program funds.

HCPF strives to be a good steward of taxpayer resources. Applications that can lead to wasteful spending, inappropriate use, or violations of federal or state laws will be denied at the Executive Director's discretion.

### *Budget Conditions of Funding*

Grant projects funded through the County Grant Program can be completed after the end of the fiscal year per HCPF approval; however, **grant funding must be expended no later than June 30, 2026**, unless otherwise communicated to HCPF. Project deliverables are **due to HCPF no later than July 15, 2026**.

Grant funds will only be used as specified in the approved grant proposal. No other expenditures other than those directly tied to the proposed project and described on the line-item budget submitted with the grant application are allowed. The applicant must distinguish between budgeted amounts covered by the grant and/or only covered by the local match.

Indirect costs are not allowable expenses in the Itemized Budget and will be denied.

HCPF considers outreach mailing costs for printing, stuffing envelopes and postage an indirect cost. In addition, supplies, utilities, office equipment rental, desktop computers, and cell phones fall under indirect costs, which are not allowed for this grant, unless otherwise approved by HCPF. County Grant Program funds shall not be used for any advocacy purposes. The grantee cannot pay for lobbying on any topics/issues on behalf of others. The grantee cannot either support nor promote any topics (issues) that are not approved within the grant application.

If approved, the grantee shall act as the primary point-of-accountability responsible for implementing the Statement Of Work (SOW) provided on the grant application. If the grantee contracts or subawards any portion of the approved SOW, it is the grantee's responsibility to ensure the roles and responsibilities of the contractor or subrecipient are

written, that performance expectations are included in the contractor or subrecipient's documented roles and responsibilities, and that the contractor or subrecipient fulfills the entirety of the SOW and complies with all the Conditions of Funding stated in the document.

Grant Program funds are intended to fulfill one-time funding requests, and HCPF may deny any request for a continuation of a project from the previous fiscal year or additional funding for an ongoing project. Projects that were not completed satisfactorily in prior years will be denied at HCPF's discretion.

Reimbursement of expenditures related to this grant must occur through the County Financial Management System (CFMS). All expenses are to be entered using the following CFMS account codes to request reimbursement. HCPF will report the correct CFMS account code in the Award Letter.

All expenditures associated with the approved grant proposal must occur **on or before June 30, 2026**; expenditures should be entered in CFMS **no later than July 10, 2026**. Expenses submitted after this date will not be reimbursed.

Proposed projects can be based on estimates of costs. Actual costs may require budget flexibility in the Itemized Budget. Funds may be moved from one line-item to another in these instances but require an updated Itemized Budget to be submitted **no later than July 15, 2026**. However, any changes to the Itemized Budget may not exceed the original request for funding that was approved. In addition, funds may only move from one previously approved line-item to another; after the approval of the proposed project, new line-items in the Itemized Budget are not allowed.

Expenditures above the proposed project's budget will not be allowed. Any expenditures above the approved project's budget must be paid for with county-only funds at HCPF's direction.

### *Cost Allocation Conditions of Funding*

Proposed projects that impact other public assistance programs managed by the Colorado Department of Human Services or county only programs will be cost allocated based upon the Centers for Medicare and Medicaid Services (CMS) approved methodology. This cost allocation methodology is dependent on the proposed project and how it impacts other public assistance programs. HCPF will provide the correct cost allocation methodology when a proposed project is approved. In addition, 100%-time reporting may allow for a greater cost allocation than the cost allocation methodology described above, if the grantee selects this option.

For approved projects where the true cost to Medical Assistance is unknown or ambiguous, the staff supporting the proposed project may be required to complete 100% time reporting to support expenses associated with the project. Applicants will be notified of this requirement in the Award Letter.

### *Contractor and Subcontractor Conditions of Funding*

Contracts and subawards that are paid for with state and federal Medicaid administration funds should meet robust contractual requirements as found in the federal government’s OMB guidance, 2 CFR Part 200. These requirements help ensure that taxpayer dollars are spent wisely and with the public interest in mind. Counties using county grant program funds should strive to meet best practices identified by HCPF. A review of contracts and subawards is required during the implementation of the grantee’s monitoring plan.

### *County Grant Program Monitoring Plan*

Grantees are **required** to participate in Quarterly Check-Ins, which will include a minimum of one Site Visit and one Year-End Report Out. Failure to comply with the County Grant Program Conditions of Funding and Monitoring Plan may result in disallowances.

To fulfill the requirements of the Quarterly Check-In(s) and/or Site Visit(s), the grantee must submit, no later than the following deadlines, proposed dates for the calendar quarter in which the Quarterly Check-In(s) and/or Site Visit(s) will occur.

| FY 2025-26 Quarter                   | Deadlines to Submit Report Matrix                           | Proposed Quarterly Check-In/Site Visit Dates |

| Quarter 4<br>April 1 - June 30       | Year-End Report Out in June 2026 will count for Q4 Check-In |  |

For Quarterly Check In compliance, the grantee will use the Quarterly Check-In Matrix template to provide necessary updates to HCPF. Quarterly Check-In meetings must include the following information below: Failure to provide all the required information on or before the due date will be considered late.

The Year-End Report Out requirement allows for travel costs for the Grant Program Manager and one (1) additional staff, if necessary. The formal presentations on the project will be in June 2026 at the HCPF office in Denver, CO. [State fiscal travel rules](#) must be followed in funding requests for travel reimbursement for the Year-End Report Out.

A Final Deliverable must be submitted to HCPF **no later than close of business July 15, 2026**. The Final Deliverable can vary based on the proposed project but must include a final itemized budget with actual costs, the overall project plan, implementation process of the project, intended outcomes, successes, challenges, best practices identified/applied, and if the project can be implemented by other counties/statewide.

Additionally, the Final Deliverable should include a Closeout or Continuity/Sustainability Plan for how the work will continue after the fiscal year has ended.

### *Subrecipient Monitoring, Audits and Sanctions*

The grantee shall ensure that it complies with all applicable federal rules and regulations, found at 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements, commonly known as the Uniform Guidance, and State guidance issued by the Colorado State Office of the Controller (OSC). The grantee is responsible for completion of a subrecipient versus contractor determination for any funds passed through to an outside vendor. The OSC's [Federal Requirements for Subrecipients](#) guidance is available to assist the grantee in meeting OSC requirements for monitoring of subrecipients. Additional guidance regarding 2 CFR Part 200 is available on the [Code of Federal Regulations](#) website.

Records are required documenting all expenses and accounting for the uses of all grant funds and must be provided upon request and without delay.

All tasks and expenditures associated with the proposed project are subject to review by HCPF staff and/or an external auditor, per 10 CCR 2505-5. Audits by HCPF, at any time and without prior Notification.

Failure to comply with any oversight requirements as listed in the Conditions of Funding and Monitoring Plan is subject to County Administrative Rules as stated in 10 CCR 2505-5 1.020. If the grantee fails to comply with 10 CCR 2505-5 or any requirement listed in the Conditions of Funding and Monitoring Plan or the Award Letter, HCPF may, at its discretion, and only after the remedies described in 10 CCR 2505-5 1.020 are exhausted, subject the grantee to disallowance per 10 CCR 2505-5, Sanctions. HCPF's decisions based on requirements in the Conditions of Funding and Monitoring Plan are final and not subject to appeal.

Non-compliance with quarterly reporting: HCPF will deduct \$500.00 from the grantee's approved line-item budget for each untimely Quarterly Check-In Matrix; this action is to be taken at HCPF's discretion. Untimely is considered when a grantee submits the matrix report late without requesting extension or notifying HCPF ahead of time.

Non-compliance with County Grant Program Conditions of Funding and Monitoring Plan:

Grantees that do not submit two (2) out of the four (4) of the Quarterly Check-In Matrices timely per the deadlines and due dates listed in the Monitoring Plan may have their access to grant funds terminated in the fiscal year the funds were approved; termination is at HCPF's discretion. The grantee's project will be closed, and the grantee will not be reimbursed for any expenditures after the termination effective date. The grantee can informally appeal this termination decision by regaining compliance with the County Grant Program Conditions of Funding and Monitoring Plan. If the grantee does not regain compliance, then the informal appeal will be denied. HCPF's decision on any appeal is final.

For federal financial reporting purposes, the grantee should utilize the Assistance Listings number (formerly the Catalog of Federal Domestic Assistance) for the appropriate program. These are Health First Colorado 93.778 and the Child Health Plan *Plus* (CHP+) 93.767.
