

ARPA 8.10 Criminal Justice Resources

Key:

Already completed

Not yet created or under development

Goal: Before continuing to develop these resources, we would like feedback from the Department of Health Care Policy & Financing (HCPF) Criminal and Juvenile Justice Collaborative on whether the identified resources are what is needed. When these resources are developed and approved for public release they will be available on the HCPF CJ website.

Ask:

- I. Are the resources identified in yellow going to be helpful in addressing the gaps we've identified?
- II. What other resources would you like to see developed?
- III. *Note: We will also work on developing **recommendations** to address gaps that require a change to the current system. The goal of the **resources** is to more immediately help individuals navigate the system and address problems caused by confusion or misinformation.*

Access to Coverage

- I. [HCPF Operational Memo 23-058 CBMS Limited Medicaid Benefits for Incarcerated Individuals](#)
 - A. Clarifies the HCPF's policy on applying for benefits during incarceration: applications from incarcerated individuals should be processed
