

ACC Phase III Planning

RAE Requirements for Local Focus

May 17, 2023

Program Improvement Advisory Committee

Background

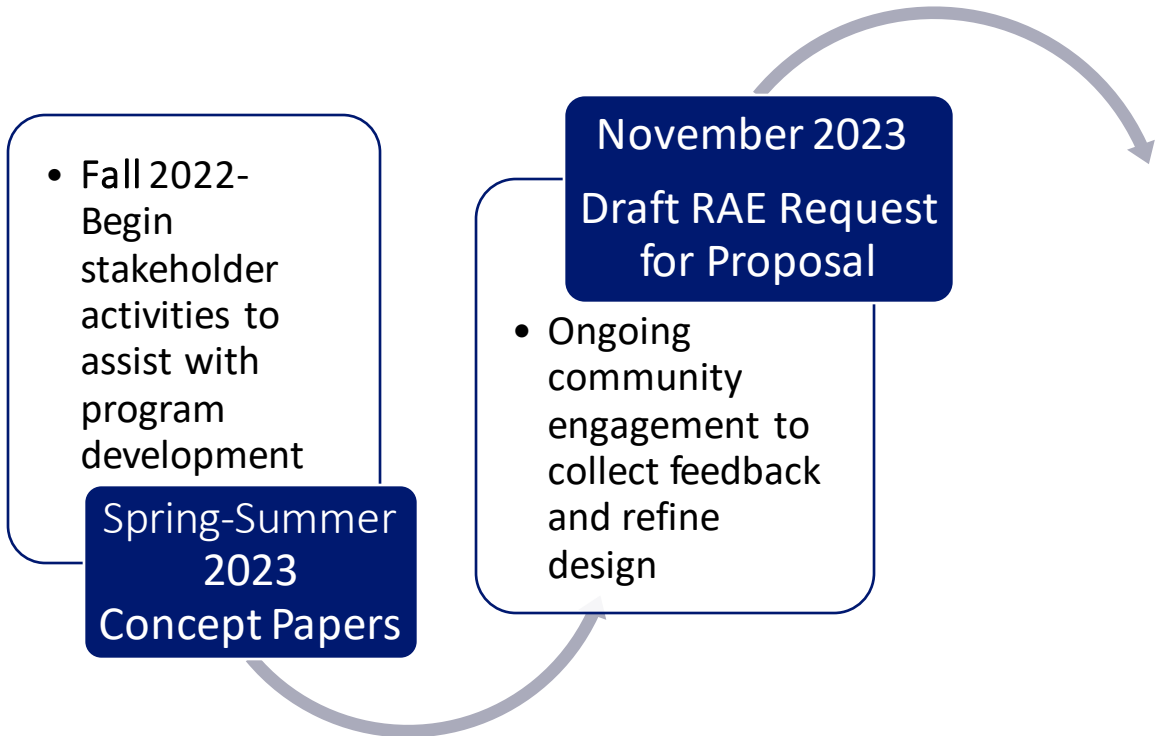

RAE and BHASO Alignment

- Held 12 conversations and received survey/form feedback last month. Current conversations ongoing with member advisory/experience committees and councils.
- BHASO timeline has been pushed back to align with ACC Phase III (July 2025).

Stakeholder Feedback:

- Stakeholders were concerned about the behavioral health administrative service organization (BHASO) timeline and how BHASOs would interact with RAEs.
- Stakeholders prefer more than 3 RAE regions.
- Individual county conversations yielded strong, and occasionally disparate, opinions on specific county placement.

Timeline

Discussion

Discussion

- **PIAC Voting Members:**
 - Use the Menti (link in chat)
 - Participate verbally through raising hand
 - Share comments in chat
- **Other participants:**
 - Share comments via [SurveyMonkey](#) link
 - Participate verbally during Public Comment following discussion
- **Posted slides** will include summarized Menti and chat comments.

Stakeholder Questions (see Menti)

- What are RAEs currently doing well to be responsive to communities?
- What can be improved with how RAEs respond to various communities?
- Different communities have unique needs.
 - What are the unique needs in rural communities?
 - What are the unique needs in urban communities?
 - Are there other types of geographic communities the Department should be considering? What is unique about those communities' needs?
 - How can contracts be designed to address those needs?

Thank you!
