

Network Report

07/31/19

RAE Name: Colorado Access Region #3

Period Covered Q4 SFY 18-19

Please indicate below any areas within the region where the network does not meet the choice of two providers within contracted time and distance standards. Please describe:

- What actions have been taken to address network deficiencies,
- Whether any deficiencies were resolved during the past quarter and how, and
- What ongoing actions the RAE is implementing to address unresolved network deficiencies while supporting client access and mitigating problems.

1. Physical Health:

Physical Health Partner is someone who can bill for services or prescribe medications.

COA Response: Colorado Access (COA) continues to assess its network and the provider community to determine if there are additional providers in Elbert County (Region 3) with whom COA may contract and add to the network. At this point in time, Colorado Access does not find any additional providers who are willing to participate as a Primary Care Medical Provider (PCMP) in Elbert County.

The following Primary Care Providers do not participate in Medicaid. COA has contacted them to see if they would be interested in participating in the Medicaid program and contracting with COA. These providers have been clear that they do not wish to participate in Medicaid, or in the Accountable Care Collaborative. COA has engaged in no further recruitment efforts regarding this group, at this time, but will reevaluate at a future date.

1. Elizabeth Family Health
Marisa Moritz, MD
Karen Davis, DO
Richard Leahy, DO
Amilda Hickman, DO

During follow-up, COA learned that the provider, below, does not practice in Elbert County, so they have been removed from further recruitment efforts, and will be removed from subsequent reports.

2. Shannon McGinity, NP

2. Behavioral Health

Licensed Behavioral Clinician means a provider who is clinical social worker licensed pursuant to CRS 12-43-404, marriage and family therapist licensed pursuant to CRS 12-43-504, professional counselor licensed pursuant to CRS 12-43-603, addiction counselor licensed pursuant to CRS 12-43-804, or psychologist (Psy.D/Ph.D) licensed pursuant to CRS 12-43-304.

Licensed Behavioral Health Practitioner means a provider who is advanced practice nurse licensed pursuant to CRS 12-38-111.5, physician/psychiatrist licensed pursuant to CRS 12-36-101, or physician assistant license pursuant to CRS 12-36-106.

COA Response: The following behavioral health providers have been contacted to see if they would be interested in participating in the Medicaid program and contracting with COA. Two of the providers do not participate in Medicaid and are not interested in Medicaid or contracting with COA. There are two providers with whom COA has followed up; but as of this report, COA has not received a response. COA will continue to follow-up with the providers who have not responded with a firm “no.”

Provider	Status	Follow-up
Theresa London, LPC	This provider is in-network through a contract with The Center for Valued Living in Aurora, CO. She also practices in Elbert county and COA members have access to her services in Elbert County.	No. Will be removed from subsequent reports.
David Durtschi, LPC	Does not see Medicaid, and not interested.	No. Will be removed from subsequent reports.
Cheryl Prevot, LCSW	Does not see Medicaid, and not interested.	No. Will be removed from subsequent reports.
Heather Reck, LPC	Provider is not validated.	Contact was attempted again on 7/10 via phone and

		email. No response.
Sara Van Anrooy, MD (psychiatrist)	Does not accept insurance or Medicaid. Only take private pay.	No. Will be removed from subsequent reports.
Sheila Robinson, LPC	This provider is in-network through a contract with Centennial Mental Health in Sterling, CO. She also practices in Elbert county and COA members have access to her services in Elbert County.	No. Will be removed from subsequent reports

Debbie Baty, LPC	Is working on getting validated.	Yes. COA will work on a contract and credentialing once she is validated.
------------------	----------------------------------	---

Colorado Access recognizes the lack of available providers in Elbert County’s five zip codes, and is conducting a geo-access study which will demonstrate adequacy of coverage within a 30-mile radius of the five Elbert County zip codes for both physical health and behavioral health. The results of this study will be included in a subsequent report.

- COA is committed to working through other means to ensure access to care and navigating services for COA members while continuing to grow the provider network. COA, for example, is working through the Elbert County Interagency Oversight Group (IOG) to bring certain services and connections to the county that might not otherwise be readily available. Elbert County IOG requested a performance measure alignment proposal for the 2020/2021 fiscal year in August 2019.
- Ongoing Health First Colorado member work with youth and families in Elbert County lead by the IOG Coordinator, including facilitated connection to care management and help with locating and accessing behavioral health providers. The Elbert County IOG served 36 COA members over the last reporting period.
- Minimum bimonthly meetings with Elbert County service organizations including local human/social services, local judicial districts, local health departments, school districts, community mental health centers, and community based organizations who offer critical services to youth and families involved in the child welfare system. COA staff are

working with the IOG to align service priorities and performance measures across respective contracts.

- Quarterly meetings with Colorado Department of Human Services, the lead administration agency for IOG regarding collaboration efforts and best practices for effective IOG/RAE partnership for Elbert County.
