Accountable Care Collaborative

Improve Health and Reduce Costs

Medical Home

Ensure Medicaid members have a focal point of care.

Behavioral Health

Comprehensive community-based system of mental health and substance use disorder services.

Regional Coordination

Medicaid members have complex needs and are served by multiple systems. Regional umbrella organizations help to coordinate across systems.

Data

Members, providers and the system receive the data needed to make real-time decisions that improve care, increase coordination of services and improve overall efficiencies.

Goals

- To improve member health & reduce costs

Objectives

1. Join physical and behavioral health under one accountable entity
2. Strengthen coordination of services by advancing team-based care and health neighborhoods
3. Promote member choice and engagement
4. Pay providers for the increased value they deliver
5. Ensure greater accountability and transparency

❑ April PIAC Meeting Discussion

- ✓ What is working well in the ACC that should be continued and/or built upon for Phase III?
- ✓ What are the opportunities for improvement in the ACC that should be considered for Phase III?

Thank You!
