Next Steps with PIAC

- What is the best way to keep you all informed about ACC Phase III?
 - Should there be regular updates at main PIAC? At the subcommittees?
 - Are there specific topics you'd like regular updates about (as we're able)?
- Do you subscribe to the ACC Newsletter?
 - Would regular Phase III status updates in the newsletter be helpful? If so, how do you think those should look?
 - How else can we improve the newsletter so that we are providing the most useful updates to subscribers?
