Engagement Opportunities

- **Short/Medium Timeline**

- Implement an improved definition for complex pediatrics.
- Care coordination consistency (Fall 2022).
- Implementation of 50+ bills impacting HCPF.
- Behavioral Health Administration (BHA).
- BH Transformational Task Force.
- ARPA Funds Implementation.
- PHE Unwind.

- **Medium/Long Timeline**

- Trial different regional approaches and learn from them to develop a predictive risk model all RAEs can use (ideally by July 2023).

- **Long Timeline**

- ACC 3.0.

Care Coordination

- **Issue:**
 - Identify areas where care coordination is working successfully and how this can be replicated.
- **Timeframe:**
 - Fall 2021-Spring 2022
- **Status Update:**
 - The Department is approaching the Provider and Community Experience (P&CE) subcommittee to lead this work.
- **Question for PIAC:**
 - Are there specific care coordination topics you want to ask the P&CE subcommittee to focus on?

Behavioral Health

- **Issue:**
 - Provide stakeholder feedback to inform changes to the behavioral health system
- **Timeframe:**
 - Fall 2021-Spring 2022
- **Status Update:**
 - The Department is identifying specific behavioral health topics it needs feedback about.
- **Question for PIAC:**
 - How would you prefer to give feedback to the Department (e.g., written proposal, feedback to a presentation)?

Workforce

- **Issue:**
 - Identify workforce challenges and areas for improvement. Utilize funding from the American Rescue Plan Act to supplement wages.
- **Timeframe:**
 - Begin work in November/December 2021.
- **Status Update:**
 - An ad hoc committee is being convened to solicit input from PIAC subcommittees and regional committees.
- **Questions for PIAC:**
 - Are there any additional PIAC members interested in joining the committee? Volunteers to date are Kiara, Kelly, and Margaret.

Legislation

- **Issue:**
 - Review the 50 bills that were passed this legislative season to identify areas for participation.
- **Timeframe:**
 - Legislative bills will be presented at November PIAC.
- **Status Update:**
 - The list of 50 bills has been pared down to the most relevant ones for PIAC.
 - The Department is reviewing the pared down list to identify specific stakeholder opportunities for PIAC to engage in.
- **Question for PIAC:**
 - What types of stakeholder opportunities are you interested in (e.g., written proposal to the Department, feedback to a presentation, participation in stakeholder meetings)?

ACC 3.0

- **Issue:**
 - Participate in the stakeholder feedback process for ACC 3.0.
- **Timeframe:**
 - Long-term (2022-2025)
- **Status Update:**
 - The Department is still in the preliminary stages of ACC 3.0 planning and is not ready to seek stakeholder feedback.
 - As we get closer to implementation, the Department will ask PIAC for feedback on specific ACC 3.0 elements.
- **Question for PIAC:**
 - Do you have suggestions for soliciting input from subcommittees and regional committees?

Thank you!
