

UNIVERSAL CONTRACT PROVISIONS (UCP):

Additional Stakeholder Engagement

The Behavioral Health Administration (BHA) in collaboration with Health Care Policy and Financing (HCPF) will be expanding stakeholder engagement efforts for the Universal Contract Provisions (UCPs)

UCP Stakeholder Engagement Phase II

On behalf of the State, Health Management Associates (HMA) has been engaging stakeholders in discussions about the UCPs. HMA is now starting Phase II of stakeholder engagement to share a draft of the UCPs for review by June 2023.

Broader Questions & Considerations

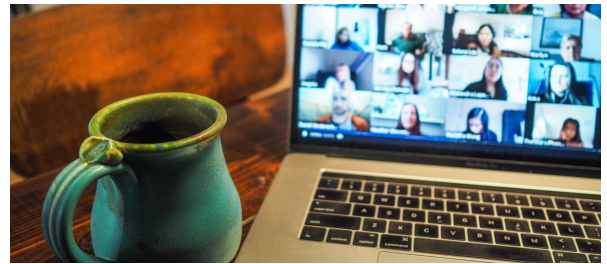

In addition to informing the draft UCPs, stakeholders identified broader questions and considerations that relate to the UCPs. These broader considerations will be given dedicated time to allow for further exploration and generation of solutions.

After June 2023, there will be additional opportunities for stakeholders to provide feedback on core concepts such as:

- The list of minimum data requirements mentioned in the UCPs
- How to better streamline data collection and reporting across agencies
- Streamlining of core program and financial reporting requirements
- Additional other factors that relate to the UCPs

Additional information will be shared in June 2023 regarding these opportunities and will be posted on the BHA and HCPF websites.

Thank you for your active engagement and support in creating the UCPs.

Stakeholders engaged to date include:

- State agency personnel
- Regional Accountable Entities
- Managed Service Organizations
- Administrative Service Organizations
- Behavioral health providers (mental health and substance use providers)
- Provider Associations
- Specialty providers such as Community Corrections providers
- Advocate organizations
- Counties
- And other key stakeholders
