Appendix HH
Data Sets

APPENDIX HH
Data Sets

The Department will make available data sets to support Offerors with the development of responses to the RFP. The sole purpose of this data is to provide information to Offerors on Colorado Medicaid, its claims, eligibility groups, and costs associated with them. Offerors are not permitted to copy the data or use it for any other purpose. The data sets are solely for the use of the Offeror, and may only be used to inform the response to this RFP.

All claims and encounter data are provided as a limited data set under HIPAA. There is client-level data but no actual client identifiers, with the exception of a masked ID number for matching claims to clients**.**

The Offeror shall submit the appropriate documents as described in Appendix A, Section 2.3 to be able to gain access to the data sets.

Data Format
Claims and encounter data will be provided as pipe delimited text files. Summary data files and documentation will be provided in Excel workbooks. A data dictionary will be provided which describes what fields are in each file, as well as valid values for certain codes contained in the files.

Data will be transferred using a secure MoveIT data connection.

Data Available
Fee for Service Physical Health and Pharmacy Claims Data (Three fiscal years, 2013-2014, 2014-2015, 2015-2016)
