Attestation to the Health First Colorado Behavioral Health Rendering Provider Oversight (RPO) Policy

In accordance with the ***Health First Colorado Behavioral Health Rendering Provider Oversight (RPO) Policy***, providers with licensed clinicians intending to oversee pre-licensed clinicians and/or unlicensed professionals that fall under the guidelines of this policy must submit this attestation to each contracted Regional Accountable Entity (RAE) to engage in RPO practices outlined by this policy. Subsequent to the submission of the initial attestation, this attestation must be submitted to each contracted RAE annually, no later than January 1st of each calendar year oversight may be rendered by the attesting organization. Organizations, groups, and facilities only need to submit one attestation for their entity; individual attestations for each Rendering Provider are not required.

By completing and returning this attestation to the RAE, you acknowledge the following:

- You have read and understand the requirements and standards for both the Rendering Provider and the organization set forth in the ***Health First Colorado Behavioral Health Rendering Provider Oversight (RPO) Policy***.
- You agree to maintain records of all documents required under the ***Health First Colorado Behavioral Health Rendering Provider Oversight (RPO) Policy***.
- You agree to provide any documents or records outlined under the policy upon request to the requesting RAE within seven (7) business days of the request.
- You agree to hold the RAE and Health First Colorado members harmless for nonadherence to this policy in any form, including but not limited to disputes between the attesting organization and any employees and/or contractors of the attesting organization.
- The RAE maintains the right to report any malfeasance impacting member care and/or licensure status to the appropriate state agencies, including the Department of Health Care Policy and Financing (HCPF) and the Department of Regulatory Agencies (DORA), in addition to internal actions the RAE may take to monitor and ensure quality of care.
- Failure to abide by the guidelines of this policy and/or any document requests from the RAE may result in the inability of your organization to supervise pre-licensed clinicians and/or unlicensed professionals indefinitely.
- You agree to implement any updates made to the ***Health First Colorado Behavioral Health Rendering Provider Oversight (RPO) Policy*** within the timelines dictated by the update.
- You have signatory authority and approval to submit this attestation for your organization.

Completed attestations can be sent to each RAE's contact on the policy document. Confirmation and approval of the attestation will be provided within sixty (60) calendar days of receipt by the RAE.

Signature: _____ Date: _____

Printed Name: _____
