Home Health vs. HCBS

- Home Health Care (Provider Type 10): Skilled care delivered directly in a patient's home. This type of care is provided by licensed medical professionals including nurses, therapists and aides for the purpose of *treating* or *managing* an **illness, injury or medical condition**. Uses form UB-04 for institutional claims.
- Home and Community-Based Services (HCBS) (Provider Type 36): Professional support services that allow patients to live independently and safely in their homes. Uses form CMS 1500 for professional claims. HCBS is only for members with that specific benefit plan. *It is not open to all members.*
 - Help with daily activities such as dressing and bathing
 - Assistance with managing routine tasks around the house
 - Companionship
 - Non-medical transportation

National Provider Identifier (NPI)

- Most providers require a National Provider Identifier (NPI) for billing transactions.
- Non-medical providers, such as some Home and Community-Based Services (HCBS) and Non-Emergent Medical Transportation (NEMT) providers, do not need a National Provider Identifier (NPI) and use the Health First Colorado Provider ID for billing transactions.
- Providers who bill Medicare need to ensure each National Provider Identifier (NPI) for Health First Colorado is also enrolled with Medicare.

National Provider Identifier (NPI)

Individual Providers

(Individuals Within a Group, Billing Individuals or Ordering/Prescribing/Referring)

- One National Provider Identifier (NPI) can be affiliated with multiple locations

- All Health First Colorado and Child Health Plan *Plus* (CHP+) providers must revalidate in the program at least every five (5) years to continue as a provider.
- **Providers who do not complete the revalidation process by their revalidation due date will be subject to claim denials and disenrollment.**
- Each provider will be notified via email six (6) months in advance of their revalidation deadline. The deadline is based on the date the enrollment application was approved.

Revalidation

- A spreadsheet with providers' revalidation dates can be found on the Department's Revalidation web page.

Revalidation

Health First Colorado and CHP+ Provider Revalidation

Child Health Plan *Plus* (CHP+) and Health First Colorado (Colorado's Medicaid program) providers must revalidate in the program at least every five (5) years to continue as a provider. Organization Health Care Providers are required to obtain and use a unique National Provider Identifier (NPI) for each service location and provider type enrolled.

Attention: Download the Provider Revalidation Dates Spreadsheet to verify the next revalidation due date. Providers will be contacted via email approximately 6 months prior to their revalidation deadline with further instructions. **Attempting to revalidate by completing a new application before being notified will create duplicate enrollments and cause claim processing issues.**

- Individuals, or their delegate(s), **must revalidate using the account for the individual provider.**
 - Refer to the [Delegates - Provider Web Portal Quick Guide](#) for more information on managing delegates.
- Even if the billing provider has revalidated, claims will deny if an individual provider has not revalidated.

Revalidation for Individual Providers

- All Ordering, Prescribing and Referring (OPR) providers indicated on a claim must be actively enrolled with Health First Colorado.
 - Groups are encouraged to coordinate with all Ordering, Prescribing and Referring (OPR) providers to ensure that those provider IDs have been revalidated.
 - Refer to the [Ordering, Prescribing and Referring Claim Identifier Project](#) for more information about Ordering, Prescribing and Referring (OPR) issues on claims.

Which side is lower? That's what is paid by Medicaid.

Third Party Liability

 - Indicate the date the Third-Party Liability (Commercial Insurance) paid or denied on each claim.
 - The Explanation of Benefits (EOB) does not need to be attached to the claim.

Third Party Liability

(Commercial Insurance)

- When a provider agrees to render service to a member, they agree to work with all the member's forms of insurance. Providers working with Health First Colorado members cannot:
 - Bill the member the difference between the amount billed and the amount reimbursed
 - Bill the member for the co-pay or deductible assessed by the Third-Party Liability (Commercial Insurance)

Third Party Liability

(Commercial Insurance)

- Health First Colorado pays the difference between Third-Party Liability payment and Program Allowable.

Example 1:

Charge = \$500

Program allowable = \$400

Third-Party Liability payment = \$300

Program allowable - Third-Party
Liability payment =

Reimbursement

$$\$400.00 - \$300.00 = \$100.00$$

Example 2:

Charge = \$500

Program allowable = \$400

Third-Party Liability payment = \$400

Program allowable - Third-Party
Liability payment =

Reimbursement

$$\$400.00 - \$400.00 = \$0.00$$

Third Party Liability

- The co-pay maximum is 5% of the household monthly income.
 - The head of household will receive a letter showing the household has reached the monthly limit.
