

# Behavioral Health Provider Network Dashboard

Update: January 2024

Reporting period: December 2023

The Department of Health Care Policy & Financing is committed to improving access to behavioral health services for Health First Colorado (Colorado’s Medicaid program) members. Behavioral health services are managed by Regional Accountable Entities (RAEs). The organizations are contracted to build regional networks through credentialing and contracting with providers, and to ensure timely payment and responses to network providers. This dashboard includes network adequacy and accountability metrics for each region.

## Behavioral Health Providers by Region Q2 FY 23/24 (ending December 31, 2023)

**NOTE:** This information is extracted from the Quarterly Network Adequacy Deliverable report.

### Top Reasons a Claim is Held Up or Denied

Providers submitting claims to their RAE must provide adequate documentation and fit within the contractual requirements. Below are common themes with technical claim denials (claims can also be denied if they do not meet medical necessity requirements).

- **Inaccurate billing:** Some providers work with a third party to handle billing; some of these billers may have incorrectly submitted claims. In this case, the RAE can work with the biller to help resolve billing inaccuracies.
- **Use of wrong modifier:** This is an example of inaccurate billing. Billing agents should work with the RAE to correct this mistake for proper claim processing.
- Providers can find RAE contact information at [colorado.gov/hcpf/provider-help](https://colorado.gov/hcpf/provider-help). Fill out the [Health First Colorado Managed Care Provider Complaints form](#) if you have a concern or complaint about a certain region.
