Multi-source drug products with favored coverage for a brand name equivalent formulation are listed in this document. Drug products listed in this document include products not managed on the Preferred Drug List (PDL), as well as preferred and non-preferred products included on the PDL (accessible at <https://www.colorado.gov/hcpf/pharmacy-resources#PDL>).

Determination for products included on the Brand Favored Product List is based on evaluation of cases where the cost of a generic product formulation exceeds the cost of the brand name equivalent.

Billing Information:

Pharmacy claims for brand medications/dosage forms included on the Brand Favored Product List will allow for payment with submission of DAW codes 1 or 9 on the incoming claim.
