

**Brand Favored Product List
Health First Colorado Pharmacy Benefit**

Multi-source drug products with favored coverage for a brand name equivalent formulation are listed in this document. Drug products listed in this document include products not managed on the Preferred Drug List (PDL), as well as preferred and non-preferred products included on the PDL (accessible at <https://www.colorado.gov/hcpf/pharmacy-resources#PDL>).

Determination for products included on the Brand Favored Product List is based on the evaluation of cases where the cost of a generic product formulation exceeds the cost of the brand name equivalent.

Billing Information:

Pharmacy claims for brand medications/dosage forms included on the Brand Favored Product List will allow for payment with submission of DAW codes 1 or 9 on the incoming claim. PDL products included in the list may also be subject to prior authorization criteria and coverage limitations listed for the product on the PDL.

Prior Authorization for Use of a Generic Equivalent(s) Included on the Brand Favored Product List:

Generic equivalent products for the brand medications/dosage forms included on the Brand Favored Product List will require prior authorization and may receive approval based on prescriber verification that there is clinical necessity for the use of the generic equivalent product formulation.

Prior authorization requests may be called or faxed to the Magellan pharmacy helpdesk at:

Phone: 1-800-424-5725

Fax: 1-888-424-5881
