# CO-SOC Advisory Committees- Open to Public

## Lived Experience Advisory Committee

The Colorado System of Care (CO-SOC) Lived Experience Committee is dedicated to amplifying the voices of children, youth, and families who have navigated complex behavioral health challenges. The committee's mission is to inform and enhance the development of a responsive and effective system of care that truly meets the needs of the children, youth and families in Colorado.

## Implementation Advisory Committee

The Colorado System of Care (CO-SOC) Implementation Advisory Committee serves in an advisory capacity to HCPF and makes recommendations regarding expanding and improving implementation of Intensive Behavioral Health Services that include intensive in-home and community-based mental health services, intensive care coordination, mobile crisis intervention, and stabilization services.

## Statewide Leadership Advisory Committee

The Leadership Committee is committed to ensuring the highest quality of care for children and youth with complex behavioral health needs. The committee will strive to create an integrated system that promotes collaborative decision-making and oversight of the comprehensive system of care for children and youth with complex behavioral health needs.
