

Dear Case Manager,

Please review this entire email for important updates about the Consumer-Directed Attendant Support Services (CDASS) July 1, 2024, Rate Increase Prior Authorization Request (PAR) Revisions.

All CDASS Task Worksheets, CDASS Allocations, and PAR lines will automatically be revised by the Department of Health Care Policy & Financing (the Department) to reflect the anticipated service rate increases going into effect on July 1, 2024. The automated process will begin in early June and it will apply the Task Worksheet, CDASS Allocation, and PAR changes beginning July 1, 2024.

This Auto-CDASS PAR process will be conducted for CDASS members for procedure code T2025 under the Elderly, Blind, and Disabled (EBD), Community Mental Health Supports (CMHS), Brain Injury (BI), Complementary and Integrative Health (CIH), and Supported Living Services (SLS) waivers. This will reduce the need for case managers to manually update CDASS Allocation worksheets and PARs.

For members with CDASS certifications starting July 1, 2024, or later, *case managers should wait to create these CDASS Allocations and PARs until the Department confirms that the system has been updated to reflect the new service rate.* For CDASS certifications with CDASS start dates on or after July 1, 2024, that have already been created, these will require a manual revision to be completed by the case manager. More information about the rate change process can be reviewed in [Informational Memo 24-011: July 1, 2024 CDASS Rate Increase](#).

Contact the Care and Case Management (CCM) Help Desk at CCMHelpDesk@gainwelltechnologies.com for assistance with this process.

Thank you,

Department of Health Care Policy & Financing
