Uniform Application Version 0.5

There were a couple coding errors identified in Version 0.4 of the Uniform Application. Please download Version 0.5 at your earliest convenience. As has been expressed with previous applications over the years, it is a good practice to download a new version of the application off the CICP Provider Information website every now and then to ensure you are using the most recent version. The Department would recommend doing this at least once every two weeks. The Special Financing Division can update the CICP Provider Information website much quicker than we can get Newsletters out, so it is possible that new versions of the application are available a few days before the newsletter is cleared to be sent.

If you identify any issues with the Uniform Application, please send an email to hcpf_CICPCorrespondence@state.co.us with screenshots of the issue or a de-identified version of the Excel application so that the Department can investigate the issue.

CICP Inbox

The CICP email address has been updated to hcpf_CICPCorrespondence@state.co.us. Please update your email address lists to use the new address and remove the old one.
