

Colorado Community First Choice (CFC) vs. Children’s Home and Community-Based Services (HCBS) Waiver Comparison Chart

The purpose of this document is to demonstrate the difference between Colorado Children’s Home and Community-Based Services Waivers (1915c/HCBS) and Community First Choice Option (1915k/CFC), and what future home and community-based services will look like under waivers versus CFC in 2025. Additionally, the right column of this document reflects the merger of the CHCBS and CLLI waivers is proposed to occur in 2025.

CFC is not finalized with the Centers for Medicare and Medicaid Services (CMS), Colorado Code of Regulations, or Colorado State Statute. **This document demonstrates what CFC would look like when implemented and is subject to change.**

Furthermore, the information on HCBS waivers is taken directly from the [Children’s HCBS Waiver Comparison chart](#) which is updated periodically, and this document will be updated to reflect those changes.

The "What services are available?" section lists services that are planned to move into CFC from the HCBS Waivers and appear in **bold** text under each waiver column. The service titled **"Wellness Education Benefit"** listed under each waiver indicates a new service that will be available to CHCBS waiver members in 2024, and all other waivers in 2025. The CFC column provides the full list of services that are intended to be offered under CFC. Each member will need to have an assessed need to receive the service.

Name of Waiver	Community First Choice (CFC) Draft	Children’s Extensive Support Waiver (HCBS-CES)	Children’s Home and Community Based Services Waiver (HCBS-CHCBS)	Children’s Habilitation Residential Program Waiver (HCBS-CHRP)	Children with Life-Limiting Illness Waiver (HCBS-CLLI)	Children with Complex Health Needs Waiver (CwCHN) Draft
What is the primary purpose of this waiver?	The Community First Choice Option allows states to provide home and community-based attendant services and supports to eligible Medicaid members under the State Plan on a statewide basis. Through CFC, members would have the option to direct their attendant care services, or to receive services through an agency	To provide Health First Colorado benefits in the home or community for children with developmental disabilities or delays that are most in need due to the severity of their disability Children must meet additional targeted criteria	To provide Health First Colorado benefits in the home or community for children with significant medical needs and who are at risk for institutional care in an acute hospital or skilled nursing facility	To provide Health First Colorado benefits in the home or community for children and youth who have an intellectual or developmental disability and very high needs, which put them at risk for out-of-home-placement Children must be at risk for institutionalization	To provide Health First Colorado benefits in the home or community for children with a life-limiting illness To allow the family to seek curative treatment while the child is receiving palliative or hospice care	To provide Health First Colorado benefits in the home or community for children with medically fragile and who are at risk for institutional care in an acute hospital or skilled nursing facility and/or To provide Health First Colorado benefits in the home for children with a life-limiting illness To allow the family to seek curative treatment while the child is receiving palliative or hospice care
