COVID-19 in Colorado

COVID-19 Cases in Colorado
CDPHE updates:
https://covid19.colorado.gov/

Positive Cases	41.698
People tested	462,275
Deaths among cases	1,771
Deaths due to COVID-19	1,643

*Updated July 22, 4:00 p.m.*

COVID Cases are Rising

- Lab testing increasing - 11-12k tests done daily in CO - but backing up

- Positive rate trending up ~5-6%

- Mortality rate declining
FACTORS DRIVING RAPID INCREASE

- Increased contact rates among people in Colorado due to changes in policies and/or behavior

- Increased out of household contact rates among younger populations that spread to older populations

- Importation of cases from outside of Colorado and contact between visitors and residents that lead to infections

- Random chance - These projections are sensitive to what has happened in the last few weeks – but because the change is so large, random variation is unlikely to account for all of the change

Protect Our Neighbors

MASK REQUIRED TO ENTER PER STATE ORDER

COLORADO
Department of Public
Health & Environment

Level 1: Stay at Home

Everyone was required to stay at home except for grocery shopping, exercise and necessary activities. Only critical businesses were open.

Level 2: Safer at Home and in the Vast, Great Outdoors

While we are all still safer at home, we are also able to practice greater social distancing in our great outdoors than in confined indoor spaces.

Level 3: Protect Our Neighbors

Local public health agencies have the ability to contain surges in cases and outbreaks through testing, case investigation, contact tracing, isolation, quarantine, site-specific closures, and the enforcement of public health orders.

CDC Changes to Case Definition

- *Fever or chills*
- *Cough*
- *Shortness of breath or difficulty breathing*
- *Fatigue*
- *Muscle or body aches*

- 96% of symptomatic patients have one of these
- 45% have all three

- Headache
- *New loss of taste or smell*
- *Sore throat*
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Only symptoms specific for CoV-2

half of patients report GI symptoms

COLORADO
Department of Health Care Policy & Financing

Updated Recommendations for Discontinuation of Isolation and Precautions

Duration of isolation and precautions

➢ For most persons, can be discontinued 10 days *after symptom onset** and resolution of fever for at least 24 hours with improving other symptoms

➢ For a limited number of persons with severe illness, may want to consider extending up to 20 days; consult infection control experts

Role of PCR testing to discontinue isolation or precautions

➢ Consider for severely immunocompromised, consult infectious diseases expert

➢ *For all others, a no longer recommended (except to discontinue isolation or precautions earlier 10 days)*

* For persons who never develop symptoms, use *date of their first positive RT-PCR test for SARS-CoV-2 RNA*

Prevention

- Exposures Before Issuance of Stay-at-Home Orders Among Persons with Laboratory-Confirmed COVID-19. 73% did <u>not</u> have known contact with someone infected with COVID-19. Of those:
  - ➤ 30% reported contact with a person they knew who had fever or respiratory symptoms
  - ➤ 44% had attended a gathering of >10 persons
  - ➤ 29% had traveled domestically
  - ➤ 28% worked in a health care setting
  - ➤ 23% had visited visiting a health care setting not as a health care worker
  - ➤ 22% had used public transportation
- More evidence supporting value of wearing masks when out in public
- Turn up your computer audio to hear the video:

Public Health Emergency

Public Health Emergency (PHE) End Date Timeline

- Public Health Emergency officially renewed on July 23 (it was set to expire July 25, 2020)

- New PHE End Date is 10/23/2020; could be extended again

- Seeking greater "notice time" from CMS, *along with many states across the US*
  - We need to plan for October end date, but ready ourselves for another extension for continuous coverage

- SPAs,1135 Waivers, and Optional Uninsured Testing Group end **on** PHE end date

- Continuous Medicaid Coverage ends at the **end of the month** in which the PHE ends
  - Dept. and County Partners will need to notice members and time to properly disenroll members – *on top of their daily workload*

- Maintenance of Effort (MOE - Eligibility Levels & Benefits the remain the same) & increased Enhanced 6.2% FMAP end at the **end of the quarter** in which PHE ends

- Appendix K currently ends 1/26/2021, impacting HCBS

Example Scenarios

❑ Extending or Ending the Public Health Emergency is Federal Government's decision, they can extend for up to 90 days at a time

❑ States have asked CMS, HHS for **at least** 2-months notice prior to allowing the Public Health Emergency to end, but they may not comply

If Public Health Emergency Ends...	Then SPAs,1135 Waivers, and Optional Uninsured Testing Group Ends	Then Continuous Coverage Requirement Ends	Then MOE Requirement keep Eligibility Levels & Benefits the Same and Enhanced 6.2% FMAP Ends
October 23, 2020	October 23, 2020	October 31, 2020	December 31, 2020
January 21, 2021	January 21, 2021	January 31, 2021	March 31, 2021

Non-Emergent Medical Transportation (NEMT)

## Statewide Vendor Transition

Memo Link: OM 20-074

NEMT is a benefit the Department provides to Health First Colorado (Colorado's Medicaid program) members to get to their medical appointments

Members who qualify can get a ride to their medical appointments if they don't have other transportation. Most members qualify.

Health First Colorado works with transportation provider IntelliRide and county health and human services offices to connect members with rides.

Schedule a ride online or call two days before your appointment

- Members in counties shaded in green should call IntelliRide to schedule a trip

- Members in counties shaded in yellow should continue to contact their county

Call IntelliRide
Call your county through July 31

COLORADO
Department of Health Care
Policy & Financing
What members need to know:

- Visit **HealthFirstColorado.com/nemt** to determine who to call
- Find links to IntelliRide's online scheduling and contact information:

Book online at **gointelliride.com/colorado**

Or call IntelliRide at 1-855-489-4999 or 303-398-2155 (State Relay: 711)

What providers need to know:

- No matter where a member lives, **all previously scheduled trips will be transferred** to IntelliRide

  - ➤ If members want to confirm their trips are scheduled, they can call IntelliRide a week before the scheduled appointment

  - ➤ *Please help us avoid long wait times for customers who have immediate trip needs by avoiding calling just to verify a trip that is more than a week out*

- All **mileage reimbursements** for trips after July 1 should be submitted to IntelliRide regardless of when your county is transitioning

  - ➤ Visit HealthFirstColorado.com/nemt for more information

Remote Infectious Control Surveys for IRSS

- Overview of CDPHE's efforts in review and support of residential facilities

- Rationale for remote infectious control (IC) surveys for Individual Residential Support Services (IRSS)

- Sampling

What to Expect for IRSS IC Surveys

- The IC remote surveys will occur remotely

- A typical remote survey will have two surveyors assigned

- Survey components will include:
  - Entrance interview
  - Client roster
  - Questions for management
  - COVID survey questions
  - Small sample size for PRS record review
  - Technical assistance and resource sharing

Strike Force Update

- Surveillance testing continues to be a top priority
  - To date the State has distributed nearly 135,000 tests to residential care settings
  - Seeking opportunities to continue to expand capacity

- EM Resource
  - # **NFs** using EM Resource: 108
  - Proportion **NFs** using EM Resource: 46.7%
  - #of ALRs Utilizing EM Resource: 79 (same)
  - Proportion ALRs using EM Resource:11%

COLORADO
Department of Health Care
Policy & Financing

Strike Force Update

Resident Well-Being

- Sixth workstream dedicated to identifying and implementing practices to improve overall health and wellbeing

- New group of leading experts and Gerontologists has been formed to identify ways to implement strategies to attend to resident's overall well-being

- In particular, will be examining ways to reduce social isolation while still keeping residents and staff safe

Strike Force Update

Visitation

- Outdoor visitation guidance released several weeks ago
  - ➢ Facilities have been developing their own policies and procedures for implementing the guidance

- An FAQ document further detailing allowable visitation is currently being drafted
  - ➢ This document will help clarify entry by the Ombudsman, APS workers, and visits for compassionate care purposes

- Continue to evaluate the feasibility of phased indoor visitation

COLORADO
Department of Health Care
Policy & Financing

Strike Force Update

ConnectToCareJobs Site

- Registered as of July 22: 707 job seekers, 67 employers (additional 49 pre-registered)

- New Colorado-specific webpage created

- Email went out to Residential Care Settings July 22 again inviting them again to register
  - ➤ Day Programs added
  - ➤ User acceptability testing underway for home care and home health

New CMS Nursing Home Resources

[CMS announced on July 22](#) several new initiatives designed to protect nursing home residents from COVID-19

- **New Funding**
  - ➢ $5 billion of the Provider Relief Fund (PRF) to Medicare-certified long term care facilities and state veterans' homes

- **Enhanced Testing**
  - ➢ CMS to begin requiring that all nursing homes in states with a 5% positivity rate or greater test all nursing home staff each week
  - ➢ More than 15,000 testing devices will be deployed over the next few months to help support this mandate, with over 600 devices shipping this week

- **Additional Technical Assistance & Support**
  - ➢ Federal Task Force Strike Teams to provide onsite technical assistance to nursing homes experiencing outbreaks

- ➢ New online Nursing Home COVID-19 Training focused on infection control and best practices
- ➢ The training is a requirement for nursing homes to receive the additional funding from the PRF

- **Weekly Data on High Risk Nursing Homes**
  - ➢ In May, CMS and CDC began collecting weekly data on each nursing home including their number of COVID-19 cases
  - ➢ White House and CMS will release a list of nursing homes with an increase in cases that will be sent to states each week as part of the weekly Governor's report to ensure states have the information needed to target their support to the highest risk nursing homes

OM 20-076

All COVID-19 related Memos can be found here: www.colorado.gov/hcpf/long-term-services-and-supports-covid-19-response

OM 20-072

TITLE: OPERATIONAL INFORMATION FOR HCBS RESIDENTIAL SERVICES PERTAINING TO COVID19 AND THE PROTECT OUR NEIGHBORS ORDER [Supersedes OM 20-035]

Under **Protect Our Neighbors**, communities may permit activities at **50% of pre-pandemic capacity**, with **at least 6 feet** between non-household members, and **no more than 500 people** in one setting at a time.

Different communities will be at **different phases**, **based on local conditions** and capabilities, and the state may change phases as well. All variances by county are updated on CDPHE's website here. Please pay close attention to **which phase the state and your community is in** and follow guidelines.

During all phases, residential settings can continue to be vigilant in reducing the risk of exposure to members by:

- Following the Stay-at-Home recommendations for members that are considered part of the "Vulnerable Population", which means only leaving home for medical care and essential activities
- Avoiding communal dining.
- Performing active health screens for all residents.
- Avoiding any congregating within the setting.
- Limiting visitation to only necessary or essential visits as outlined in CDPHE's latest Public Health Order
- Completing required health screenings of all employees, contractors, and essential individuals prior to entering the premises

Link: OM 20-072

COLORADO
Department of Health Care
Policy & Financing

OM 20-075

TITLE: UPDATED CASE MANAGEMENT OPERATIONAL CHANGES IN RESPONSE TO COVID-19
[Supersedes OM 20-034]

- Effective March 11, 2020, CMAs were instructed to perform initial, continued stay review, Supports Intensity Scale (SIS), Inventory for Client and Agency Planning (ICAP) assessments, and routine monitoring contacts by telephone or another electronic modality.

- This memo has been updated to **remove the requirement for the case manager to see the member face to face at the next six-month contact following a virtual assessment**.

- As a reminder:

  - ➢ Case managers should **utilize electronic video (such as Apple FaceTime or Zoom) to complete any contact or assessment** unless the member only has the option to use a telephone.

  - ➢ For nonroutine contacts that may require face to face contact, such as performing an investigation into a member's health and welfare, the CMA must follow COVID-19 precautions

COLORADO
Department of Health Care
Policy & Financing

OM 20-076

- In-Person requirements for SEPs and CCBs that went into effect July 1, 2020 are to be **conducted via by telephone or another electronic modality** due to COVID-19 as outlined in Operational Memo 20-075 for eligible members enrolled in one of the 10 HCBS waivers, the State SLS program, and the OBRA-SS program

- During the temporary COVID-19 period, the case manager will enter the contacts as outlined in the Single Entry Point Rate Technical Guide and the Community Centered Board Technical Guide.

  1. Enter the contact in the log note section of the Benefit Utilization System.

  2. **Answer "yes" to the question, "Did this contact take place Face to Face?"**. This will allow the Department to pay services that are temporarily provided virtually.

  3. Indicate in the **log note text section that the In-Person Monitoring was performed through alternative methods** to ensure health and safety during the COVID-19 pandemic. The case manager will indicate how the contact was performed in the documentation narrative.

> Due to these temporary changes requiring In-Person work to be conducted virtually, **the Department will not reimburse SEPs and CCBs for the Rural Travel Add-On** for assessments and monitoring performed by telephone or another electronic modality

Provider Relief Funds

- On June 9, 2020, the U.S. Department of Health and Human Services (HHS) announced additional funding (approximately $15 billion) available through the Provider Relief Fund to eligible Medicaid and Children's Health Insurance Program (CHIP) providers

- More information about eligibility and the application process is available at hhs.gov/coronavirus/cares-act-provider-relief-fund/index.html

- To be eligible for this funding, health care providers must not have received payments from the $50 billion Provider Relief Fund General Distribution and either have directly billed their state Medicaid/CHIP programs or Medicaid managed care plans for healthcare-related services between January 1, 2018 to May 31, 2020

Examples of providers serving Medicaid and/or CHIP beneficiaries who may be eligible for this funding include:

- Pediatricians
- Obstetrician-Gynecologists
- Dentists
- Opioid Treatment and Behavioral Health Providers
- **Assisted Living Facilities**
- **Other Home and Community-Based Services Providers**
