Department of Health Care  
Policy & Financing

Dear Provider,

On August 13, 2021, the Food and Drug Administration (FDA) issued an Emergency Use Authorization (EUA) for a third dose of COVID-19 vaccines for immunocompromised individuals. Providers should consult the [Centers for Disease Control](#) (CDC) for guidance.

The COVID-19 vaccines made by both Pfizer and Moderna were approved under this EUA. The rate will be \$41.18. The administration code for the Pfizer vaccine is 0003A and the administration code for the Moderna vaccine is 0013A. The administration code must be billed with a vaccine product code.

Refer to the [Immunizations Billing Manual](#) for further details. Contact Christina Winship at [Christina.Winship@state.co.us](mailto:Christina.Winship@state.co.us) for more information.

Thank you,

Department of Health Care Policy & Financing
