#### ADOLESCENT ASAM TOOL - INSTRUCTIONS

#### **INDICATE TYPE OF ASAM**

- Initial Screening and Placement is the consumer's first contact and/or when the consumer is no longer active in an open episode.
- Update is to be completed at a minimum of every 30 days for Residential/Inpatient providers, or at a minimum of every 90 days for other modalities (including Prevention, Outpatient, Intensive Outpatient, Partial Hospitalization, and Opioid Treatment Program (OTP).
- Transition is when consumer is moving from one level of care to another, or for discharge, one time in the last 14 days of an open episode.

#### **DEMOGRAPHIC INFORMATION**

- Enter the consumer's name in the order of last name, first name and middle name.
- Enter the date the ASAM was performed.
- Enter the consumer's phone number and check yes or no, indicating if it is okay to leave a voicemail.
- Enter the consumer's address (if homeless, then write "homeless")
- Enter the consumer's date of birth.
- Enter the consumer's age.
- Enter the consumer's self identified gender.
- Enter the consumer's race.
- Enter the consumer's preferred language.
- Enter the consumer's medical record or 'P' number.
- Check off or specify the consumer's insurance type and indicate what type of plan they have.
- Enter who and/or which agency referred the consumer for assessment.
- Enter explanation for why consumer is currently seeking services and a brief substance use history.

#### ADOLESCENT SECTION

## DIMENSION 1: SUBSTANCE USE, AND/OR WITHDRAWAL POTENTIAL

- For questions 1-4, the interviewer asks the consumer the following questions, to which the consumer would
  respond yes or no. The interviewer is then to ask the consumer to further describe their yes or no response
  and document it in the space provided. The intent is to gather as much relevant information on each topic
  in order to best determine the consumer's severity rating for Dimension 1: Substance Use, and/or
  Withdrawal Potential.
- Question 1: Record any alcohol that the consumer has used in the past 30 days.
- Question 2: Record any weed or spice used in the past 30 days.
- Question 3: Check yes or no. If yes, record answer in space provided.
- Question 4: Check yes or no. If yes, describe the response in the space provided.
- Question 5: Record emotional or physical symptoms the consumer has experienced when they have stopped using.
- Question 6: Record last use, drug, amount, and route of administration.
- Question 7: Check yes or no. If yes, record dates and substance used in box provided.
- Enter additional comments (if any) relevant to Dimension 1: Substance Use, Acute Intoxication and/or Withdrawal Potential, in the space provided, that may impact the placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 1: Substance Use, Acute Intoxication and/or Withdrawal
   Potential, based on the consumer's current risk level (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very

regulations including but not limited to applicable Welfare and Institutions Code, Civil	Consumer Name:
Code, HIPAA Privacy Standards, and 42 CFR part 2. Duplication of this information for	Consumer Name.
further disclosure is prohibited without the prior written authorization of the	
patient/authorized representative to who it pertains unless otherwise permitted by law.	Consumer ID:

Severe). This is done by reading the descriptions for each severity level and considering the information that was gathered in questions 1-7. The interviewer then chooses the rating that best describes the consumer's current level of risk for substance use, acute intoxication, and risks associated with withdrawal.

#### DIMENSION 2: BIOMEDICAL CONDITIONS AND COMPLICATIONS

- For questions 8-10, the interviewer asks the consumer the following questions, to which the consumer would respond yes or no. The interviewer is then to ask the consumer to further describe their yes or no response and document it in the space provided. The intent is to gather as much relevant information on each topic in order to best determine the consumer's severity rating for Dimension 2: Biomedical Conditions and Complications.
- Questions 8-10: Check yes or no. Further describe the response in the space provided.
- Enter additional comments relevant to Dimension 2: Biomedical Conditions and Complications, in the space provided, that may impact the placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 2: Biomedical Conditions and Complications, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 8-10. The interviewer then chooses the rating that best describes the consumer's current level of risk for physical health problems and how they may impact the consumer's treatment placement.

## DIMENSION 3: EMOTIONAL, BEHAVIORAL, OR COGNITIVE CONDITIONS AND COMPLICATIONS

- For questions 11-15, the interviewer asks the consumer the following questions, to which the consumer would
  respond yes or no. The interviewer is then to ask the consumer to further describe their yes or no response and
  document it in the space provided.
- Questions 11-14: Check yes or no. Further describe the response in the space provided.
- Question 11: Check yes or no. Further describe the response in the space provided.
- Question 12: Check yes or no. If yes, describe how the consumer expresses their anger.
- Question 13: Check yes or no. If yes, describe the response in the space provided and consider transport to emergency room or call 911.
- Question 14: Check yes or no. If yes, provide dates and names in the space provided.
- Question 15: Check yes or no. If yes, describe name and dosage in space provided.
- Enter additional comments relevant to Dimension 3: Emotional, Behavioral, or Cognitive Conditions, in the space provided, that may impact the placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 3: Emotional, Behavioral, or Cognitive Conditions and Complications, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 11-15. The interviewer then chooses the rating that best describes the consumer's current level of risk for mental health problems and how they may impact the consumer's treatment placement. \*If a consumer scores a 3 or 4 in severity, consider referral to a Behavioral Health Clinic.

## **DIMENSION 4: READINESS TO CHANGE**

- For questions 16-17, the interviewer asks the consumer the following questions. The interviewer is then to ask the consumer to further describe their response and document it in the space provided. The intent is to gather as much relevant information on each topic in order to best determine the consumer's severity rating for Dimension 4: Readiness to Change.
- Question 16: Indicate response to scaling question, 0 being low importance and 4 being high. If the
  consumer answers lower than 4, ask what it would take to get to the next level up. Ex: "I see you answered a

patient/authorized representative to who it pertains unless otherwise permitted by law.	Consumer ID:

- 1 on the importance scale. What would it take to get to a 2?"
- Question 17: Check yes or no. Describe response in the space provided.
- Enter additional comments relevant to Dimension 4: Readiness to Change, in the space provided, that may impact placement of the consumer
- Choose a severity rating of 0-4 for Dimension 4: Readiness to Change, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 16-17. The interviewer then chooses the rating that best describes the consumer's current level of risk for readiness to change and engage in treatment, and how that may impact the consumer's treatment placement.

## DIMENSION 5: RELAPSE, CONTINUED USE, OR CONTINUED PROBLEM POTENTIAL

- For questions 18-21, the interviewer asks the consumer the following questions. The interviewer is then to ask the consumer to further describe their response and document it in the space provided. The intent is to gather as much relevant information on each topic in order to best determine the consumer's severity rating for Dimension 5: Relapse, Continued Use or Continued Problem Potential.
- Question 18: Check yes, or no. Describe the response in the space provided.
- Question 19: Check yes, or no. Describe the response in the space provided.
- Question 20: Describe the response in the space provided.
- Question 21: Describe the response in the space provided.
- Enter additional comments relevant to Dimension 5: Relapse, Continued Use or Continued Problem Potential, in the space provided, that may impact placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 5: Relapse, Continued Use or Continued Problem Potential, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 18-21. The interviewer then chooses the rating that best describes the consumer's current level of risk for readiness to change and engage in treatment, and how that may impact the consumer's treatment placement.

#### DIMENSION 6: RECOVERY/LIVING ENVIRONMENT/SOCIAL NETWORK

- For questions 22-26, the interviewer asks the consumer the following questions, to which the consumer
  would respond yes or no. The interviewer is then to ask the consumer to further describe their yes or no
  response and document it in the space provided. The intent is to gather as much relevant information on
  each topic in order to best determine the consumer's severity rating for Dimension 6: Recovery/Living
  Environment.
- Question 22: Check yes or no. Further describe response in space provided.
- Question 23: Check yes or no. Further describe response in space provided.
- Question 24: Describe the consumer's response to their living arrangements.
- Question 25: Check yes or no. Further describe response in space provided.
- Question 26: Check yes or no. Further describe response in space provided.
- Enter additional comments relevant to Dimension 6: Recovery/Living Environment, in the space provided, that may impact treatment or placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 6: Recovery/Living Environment, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 22-26. The interviewer then chooses the rating that best describes the consumer's current level of risk for readiness to change and engage in treatment, and how that may impact the consumer's treatment placement.

## PARENT/CAREGIVER SECTION

#### DIMENSION 1: SUBSTANCE USE, AND/OR WITHDRAWAL POTENTIAL

- For questions 27-29, the interviewer asks the parent/caregiver the following questions, to which the parent/caregiver would respond yes or no. The interviewer is then to ask the parent/caregiver to further describe their yes or no response and document it in the space provided. The intent is to gather as much relevant information on each topic in order to best determine the consumer's severity rating for Dimension 1: Substance Use, and/or Withdrawal Potential.
- Question 27: Record any alcohol and/or drugs that the parent/caregiver has said the consumer have used in the past 30 days.
- Question 28: Check yes or no. If yes, record answer in space provided.
- Question 29: Check yes or no. If yes, record answer in space provided.
- Enter additional comments (if any) relevant to Dimension 1: Substance Use, and/or Withdrawal Potential, in the space provided, that may impact the placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 1: Substance Use, Acute Intoxication and/or Withdrawal Potential, based on the consumer's current risk level (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level and considering the information that was gathered in questions 27-29. The interviewer then chooses the rating that best describes the consumer's current level of risk for substance use, acute intoxication, and risks associated with withdrawal.

## DIMENSION 2: BIOMEDICAL CONDITIONS AND COMPLICATIONS

- For questions 30-32, the interviewer asks the parent/caregiver the following questions, to which the parent/caregiver would respond yes or no. The interviewer is then to ask the parent/caregiver to further describe their yes or no response and document it in the space provided. The intent is to gather as much relevant information on each topic in order to best determine the consumer's severity rating for Dimension 2: Biomedical Conditions and Complications.
- Questions 30-32: Check yes or no. Further describe the response in the space provided.
- Enter additional comments relevant to Dimension 2: Biomedical Conditions and Complications, in the space provided, that may impact the placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 2: Biomedical Conditions and Complications, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 30-32. The interviewer then chooses the rating that best describes the consumer's current level of risk for physical health problems and how they may impact the consumer's treatment placement.

#### DIMENSION 3: EMOTIONAL, BEHAVIORAL, OR COGNITIVE CONDITIONS AND COMPLICATIONS

- For questions 33-36, the interviewer asks parent/caregiver the following questions, to which the parent/caregiver would respond yes or no. The interviewer is then to ask the parent/caregiver to further describe their yes or no response and document it in the space provided.
- Questions 33-36: Check yes or no. Further describe the response in the space provided.
- Enter additional comments relevant to Dimension 3: Emotional, Behavioral, or Cognitive Conditions and Complications, in the space provided, that may impact the placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 3: Emotional, Behavioral, or Cognitive Conditions or Complications, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 33-36. The interviewer then chooses the rating that best describes the

consumer's current level of risk for mental health problems and how they may impact the consumer's treatment placement. \*If a consumer scores a 3 or 4 in severity, consider referral to a Behavioral Health Clinic.

## **DIMENSION 4: READINESS TO CHANGE**

- For question 37, the interviewer asks the parent/caregiver the scaling question. The interviewer is then to ask the parent/caregiver to further describe their response and document it in the space provided. The intent is to gather as much relevant information on each topic in order to best determine the consumer's severity rating for Dimension 4: Readiness to Change.
- Question 37: Indicate response to scaling question, 0 being low and 4 being high.
- Enter additional comments relevant to Dimension 4: Readiness to Change, in the space provided, that may impact placement of the consumer
- Choose a severity rating of 0-4 for Dimension 4: Readiness to Change, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in question 37. The interviewer then chooses the rating that best describes the consumer's current level of risk for readiness to change and engage in treatment, and how that may impact the consumer's treatment placement.

## DIMENSION 5: RELAPSE, CONTINUED USE, OR CONTINUED PROBLEM POTENTIAL

- For questions 38-39, the interviewer asks the parent/caregiver the following questions. The interviewer is then to ask the parent/caregiver to further describe their response and document it in the space provided. The intent is to gather as much relevant information on each topic in order to best determine the consumer's severity rating for Dimension 5: Relapse, Continued Use or Continued Problem Potential.
- Question 38: Check yes or no. Further describe response in space provided.
- Question 39: Check yes or no. Further describe response in space provided.
- Enter additional comments relevant to Dimension 5: Relapse, Continued Use or Continued Problem Potential, in the space provided, that may impact placement of the consumer.
- Choose a severity rating of 0-4 for Dimension 5: Relapse, Continued Use or Continued Problem Potential, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 38-39. The interviewer then chooses the rating that best describes the consumer's current level of risk for readiness to change and engage in treatment, and how that may impact the consumer's treatment placement.

## DIMENSION 6: RECOVERY/LIVING ENVIRONMENT/SOCIAL NETWORK

- For questions 40-43, the interviewer asks the parent/caregiver the following questions. The interviewer is then to ask the parent/caregiver to further describe their response and document it in the space provided. The intent is to gather as much relevant information on each topic in order to best determine the consumer's severity rating for Dimension 6: Recovery/Living Environment/Social Network.
- Question 40: Check yes or no. Further describe response in space provided.
- Question 41: Check yes or no. Further describe response in space provided.
- Question 42: Check yes or no. Further describe response in space provided.
- Question 43: Check yes or no. Further describe response in space provided.
- Enter additional comments relevant to Dimension 6: Recovery/Living Environment, in the space provided, that may impact treatment or placement of the consumer.
- Choose the severity rating of 0-4 for Dimension 6: Recovery/Living Environment, based on the consumer's current risk level. (0 = None; 1 = Mild; 2 = Moderate; 3 = Severe; 4 = Very Severe). This is done by reading the descriptions for each severity level, and considering the information that was gathered in questions 40-43.
