

Dear Home and Community-Based Service (HCBS) Case Managers,

Case Management Redesign refers to several initiatives that will help make accessing long-term services and supports easier by changing case management agencies to serve all Home and Community-Based Service (HCBS) waivers.

Examples: People having one place to go, ensuring the right number of case management agencies in Colorado and increasing the quality and consistency of case management services across the state.

Three (3) member and family-only virtual listening sessions will be hosted to ensure members and families are at the center of providing input to enable decisions to be made on the future of HCBS case management. Group conversations will be facilitated by geographical region to hear members' perspectives regarding what quality HCBS case management means to the members and to receive input on the future of the HCBS case management system.

Attend one of the following sessions:

- Tuesday, July 27, 12:30 p.m. - 2:30 p.m. MT
- Tuesday, July 27, 5:00 - 7:00 p.m. MT
- Wednesday, July 28, 10:00 a.m. - 12:00 p.m. MT
