Why Almost Everything is Blue

- While the provider rules do not necessarily include major changes to policy, they represent substantial changes to the rules:
 - While the policies have not all been revised, the rules have been moved around and reformatted
 - Some existing policies have been incorporated into rules
 - Some rules that only applied to IDD waiver provider, now apply to all and vice versa

Meeting Schedule

HCPF has lots of projects going on. Here is how you can keep the most up to date information of schedule changes:
