00:03:13.224,00:03:16.224

Dora Mueller MSPC, RN, CHPPN CHCO: it appears that maybe in the last couple years the state has decided to make a state policy about concurrent care and has written in 'younger than 19yo' as the age for concurrent care in CO. Does anyone know if this is now the case? (I can very assuredly attest that when I worked for hospice we were able to enroll young adults up to the age of 21yo on hospice and concurrent care)

00:07:37.535,00:07:40.535

Megan Bowser: @Dora, great question. We will see if anyone is on to address this during Public Comment towards the end of the meeting.

Erika Falconi/PeopleCare: How strict will the state be now that parents are allowed to receive overtime under the CFC program, and what protocols are in place to ensure that participants receive the care they need?

Pat Carney: Does authorized representative "mental" fitness include the capacity to effectively administer and is this evaluated by Consumer Direct prior to appointment?

00:25:44.069,00:25:47.069

Jerrica Thurston: for the homemakers, if someone is providing parent provisions in rural areas due to lack of providers, if we choose homemaker, would we choose either parent provision and class?

00:25:57.359,00:26:00.359

Jerrica Thurston: cdass not class

00:26:36.331,00:26:39.331

cheri scheffel: Personal care and homemaking and AME will be available for children in both IHSS and CDASS correct?

00:26:59.306,00:27:02.306

00:49:41.628,00:49:44.628

00:49:47.239,00:49:50.239

Cate Baze: What happens with your budget if you decide to change course mid-year - you start with CDASS and then move to IHSS or vice versa? Also, are CDASS participants required to have multiple attendants or backup attendants?

00:50:21.561,00:50:24.561

01:05:18.813,01:05:21.813

Molly Wiley: Is the RAE able to help with Medicaid eligibility issues or terminations?

01:06:10.626,01:06:13.626

Megan Bowser: Everything is July 1!

01:06:30.924,01:06:33.924

Molly Wiley: If someone is working with their RAE, are they assigned a case worker specific to their case?

01:07:39.484,01:07:42.484

Jerrica Thurston: I am on the RAE Council for Region One. In addition to reaching out to @katie, would it also be helpful to connect with the facilitator regarding outreach and marketing efforts? Perhaps we could request to add this topic to our next agenda.

01:14:31.333,01:14:34.333

Erin Thatcher - HCPF She Her: @Cheri, yes, PC, HM and AME available in IHSS

01:15:33.680,01:15:36.680

Antonia Sainez, RN: Based on this information, it seems this attribution change will be medicaid driven vs

01:15:37.578,01:15:40.578

Antonia Sainez, RN: parent driven?

01:15:46.261,01:15:49.261

01:16:23.287,01:16:26.287

01:17:54.309,01:17:57.309

Mary Vostrejs: Are there any efforts to help medical homes see what care coordination is occurring by a RAE

01:19:37.836,01:19:40.836

Jessica Fader: I called our RAE and was told we don't have a Case Manager. How do we get one?

01:24:09.186,01:24:12.186

Marsha Aliaga-Dickens: You can change your PCMP any time. Your attribution is based on your

claims, so it is in theory member driven. And if you decide to go to a different PCMP then attribution will catch up.

01:24:13.797,01:24:16.797

Mary Vostrejs: I would love to get more information on the data sharing. Who can I reach out to?

01:24:36.782,01:24:39.782

Antonia Sainez, RN: As a RN Care coordinator in a PCP office, we tend to work closely with the Medicaid coordinators when needed. We appreciate their expertise and collaboration to help the member :)

01:25:36.958,01:25:39.958

Jessica Fader: Okay, maybe I used the incorrect term. Thank you!

01:25:37.528,01:25:40.528

Molly Wiley: In an earlier slide, it's noted that RAEs help providers "with paperwork, data, and other technology so that patients don't have to worry about it as much." Can you provide an example of this support? Thank you!

01:26:34.197,01:26:37.197

Katie Lonigro - HCPF She Her: Please feel free to contact me if you have additional questions and I'll do my best to help you get the right answers! katie.lonigro@state.co.us

01:27:16.645,01:27:19.645

Molly Wiley: Thank you, Matthew!

01:29:34.089,01:29:37.089

Megan Bowser: EMR - Electronic Medical Record

01:29:43.466,01:29:46.466

Marsha Aliaga-Dickens: And Molly, another example of the RAE supporting with paperwork- if you are working with a CMA and the CMA needs the PMIP or hx of physical/meds etc., if the CMA CM is struggling with getting this from your provider, then the RAE CM can help step in to coordinate that paperwork from the provider and hand over to the member, or share directly with the CMA CM.

01:30:41.399,01:30:44.399

Molly Wiley: Thank you, Marsha. That is great to know and much needed!

01:31:14.548,01:31:17.548

Dora Mueller MSPC, RN, CHPPN: @Devinne Parsons I am referring to the State Plan.

01:33:27.739,01:33:30.739

Jessica Fader: As an example--If we decided to use CDASS, and the provider is a live-in (parent), how would this impact charting, time sheets, etc?

01:35:05.166,01:35:08.166

Tara Cardinal: can you please share a link to the new form

01:35:37.328,01:35:40.328

Tara Cardinal: thank you!

01:37:41.816,01:37:44.816

Chris Russell: Could you expand on the exemption from EVV for parents who share custody?

01:40:02.200,01:40:05.200

Cate Baze: Who is responsible for obtaining and updating the EVV form annually for CDASS members?

01:44:23.490,01:44:26.490

Marsha Aliaga-Dickens: back to changing you PCP and the RAE presentation. You can change your PCP online here: <https://enroll.healthfirstcolorado.com/en/choose> You would need a Health First CO login, or a PEAK account login. And if you don't have those already, it is highly recommended to complete eligibility packets, change demographic information, communication preferences, etc.
