

Dear Provider,

**Coadministration of Routine Vaccines with COVID-19 Vaccines**

The [Centers for Disease Control and Prevention](#) (CDC) now recommends coadministration of routine vaccinations on the same day as COVID-19 vaccinations.

Providers may bill for administration of non-COVID-19 vaccines given to members on the same day as COVID-19 vaccines. Affected claims for dates of service on or after May 14, 2021, will be reprocessed.
