Questions and Answers		
S5150 and S5151 have different service providers		Duplicate Service provider for both pages. Add CAS/CAT
SUD for CSU H0018		Remove SUD exclusion
Documentation for Drop In - How are the 411 audit expectations changing in light of the documentation standards on each coding page.	LeAnna Pacheco	John will email RAEs for clarification and send to the group
Modifier TT for Peer Services - TT modifier is defined as "Individualized service provided to more than one patient in same setting" https://www.aapc.com/codes/hcpcs-modifiers/TT		John will pull some data and determine if modifier is necessary, or language/definition needs to be updated.

T1001 Nursing Assessment (for use by CMHCs)	Melisa Teglas/ Jill McFadden	John will meet with Jill and Melisa to look at next steps
Why is H0020 used for each take home dose?	John	Started in 2014 as a way to provide coverage/incentive for these providers.
Where is there guidance about Daily limits for encounter codes?	John	This is impacted by the RAE contract, UM, payor, etc. It may be that silence is the best approach.
Medicaid-enrolled CMHCs can serve as the rendering provider for claims performed under a CMHC by a practitioner who lacks the credentials needed to enroll in Medicaid. Practitioners who meet the qualifications to enroll in Medicaid and can order, prescribe, or refer services for a member, must still enroll in Medicaid and submit claims with their NPI as the rendering provider, even if the service was performed under a CMHC.		This language was removed in the July edition. The second sentence will be re-added in January 2023 to affirm policy.

Outstanding/Parking Lot		
RCCF Policy reflected in the coding manual		
Esketamine – can this be covered under the CAP?		
Removing Modifiers in 1 st position
