

COLORADO
Department of Health Care
Policy & Financing

Dear valued COVID-19 vaccine partners,

Thank you for your continued partnership with the Department of Health Care Policy & Financing and the Department of Public Health and Environment (CDPHE) as we work together to slow COVID-19 disease transmission by vaccinating all Coloradans age 12 and up. Vaccines are our ticket out of this pandemic.

President Biden has set a goal to vaccinate 70% of all adults in the country by July 4. Colorado has made amazing progress and we have currently vaccinated 69.51 percent of Coloradans ages 18 and up.

This week is the final drawing for the \$1 million Colorado Comeback Cash promotion. To be eligible to win, individuals must receive at least one dose of the vaccine and have that information reported into the Colorado Immunization Information System (CIIS), **by midnight June 30**. Next week will be the final drawing for the last five scholarships for adolescent students aged 12 to 17.

To be eligible to win, individuals 12-17 must receive at least one dose of the vaccine, and have that information reported in CIIS, **by midnight July 4**.

Because of these important deadlines, we are asking providers to enter vaccination information **as quickly as possible** this week to ensure we obtain the information by the July 4th deadline.

If you need assistance reporting your data into CIIS, please contact CDPHE at cdphe_covidvax@state.co.us.

Thank you for serving our members,

Department of Health Care Policy & Financing
