8.010 [Repealed 05/15/2014 per House Bill 14-1123]

8.011.1 GENERAL EXCLUSIONS FROM COVERAGE

The paragraphs which follow set forth the general exclusions from coverage of the Medical Assistance Program.

8.011.11 Excluded from coverage are items and services which generally enhance the personal comfort of the eligible person, but are not necessary in the diagnosis of, nor contribute meaningfully to the treatment of an illness or injury, or the functioning of a malformed body member; this exclusion does not apply to inoculations and immunizations provided.

.12 Also excluded are items and services for which neither the eligible person, nor any other person or organization, incurs a legal obligation to pay; an example of such an exclusion is the free chest X-rays provided by health organizations. In applying this particular exclusion, the determining factor is that there is a not legal obligation to pay for the items or services, and not merely the fact that the patient is not charged because of other considerations. A legal obligation to pay exists even when reimbursement is expected only to the extent of the patient's insurance coverage.

This exclusion, therefore does not prohibit program payment for such services rendered to the following persons:

- a. Indigents who because of their inability to pay are not charged by an institution which customarily charged for such services;
 - b. Patients whose need for services resulted from the act or negligence of another who is or may be legally liable for the patient's medical expenses. The existence of a third party's liability does not affect the patient's obligation to pay for the services he received nor the ability of the Medical Assistance Program to provide such coverage in his behalf. (The additional consideration, however, is that such third-party liability and possible benefits must be sought, explored, and secured wherever possible);
 - c. Individuals resident in homes for the aged when the agreement under which such residency is provided is inclusive of medical services and no payment is accepted from any person residing in the home regardless of their ability to pay. Payment could be made for services rendered by a source independent of such home or institution if that source customarily charges for such services. Thus, payment could be made for services furnished by a hospital or long-term care facility to which a resident of the home is sent (or for home health services by an agency), or for the services of a physician who is not an employee of such home. In addition, this sort of situation is true in certain types of nonprofit homes, certain homes operated by labor unions, and homes for members of religious orders, etc.
- .13 Also excluded as benefits are items and services paid for by a governmental entity, including federal programs such as the National Institutes of Health, the Veterans' Administration medical care program and other similar types of government sponsored medical care.

- .14 Neither can payment be made for services in hospitals which serve only a special category of the population, such as prisoners, nor for services furnished to prisoners in hospitals serving the general community.
- .15 Also excluded as a benefit are items and services which are not provided within the United States. This is inclusive of the 50 states of the Union, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam and American Samoa.
- .16 Also, specifically excluded from coverage are items and services which are required as a result of war or of an act of war occurring after the effective date of the patient's current eligibility.
- .17 Also, specifically excluded from coverage under the Medical Assistance Program are injuries received by individuals who are engaged in riots, civil disobedience, or other acts specifically excluded by the congressional statute relating thereto.
- .18 Specific non-benefit items and services in each of the benefit categories are identified in that section of this manual relating to each category.
- .19 Payment for prenatal services delivered through "The Prenatal Care for Undocumented Women Pilot Program" shall not be made under any circumstances other than through a contracted Managed Care Organization as specified in 8.011.02, Section B.

8.013 OUT-OF-STATE MEDICAL CARE

An eligible Colorado recipient, temporarily out of the state but still a resident of Colorado, is entitled to receive benefits to the same extent that Medicaid is furnished to residents in the state under any one of the following conditions:

For these services no prior authorization is needed. Whether an emergent condition exists is determined by the provider rendering service. Documentation of the emergency must be submitted with the claim.

- 2) Medical services are needed because the recipient's health would be endangered if he/she were required to return to Colorado for medical care and treatment.

For these services no prior authorization is required. The determination as to whether the recipient's health would be endangered is made by the provider rendering service. Documentation of why the recipient's health would be endangered must be submitted with the claim. However, the medical consultant of the Colorado Medicaid Program must be notified prior to the provision of services under this paragraph.

Prior authorization from the Medicaid Program's medical consultant must be obtained for services provided under this paragraph.

- 4) It is the general practice for recipients in a particular locality to use medical resources in another state.

No prior authorization is necessary for services provided in accordance with this paragraph when the recipient of an area is obtaining services from a provider in a neighboring out of state locale. Prior authorization from the Medicaid Program's medical consultant is necessary if the recipient is receiving services from any other out of state provider not in a neighboring locale.

In addition, prior authorization from the Medicaid Program's medical consultant is required for all services which are only available out of state for Colorado Medicaid recipient's located in Colorado at the time services are necessary.

8.040.1 ENROLLMENT OF PROVIDERS

Before claims can be accepted for payment for goods and services provided to eligible clients, the provider of goods and services shall be enrolled in the Medical Assistance program and assigned a provider number.

- A. Pursuant to its authority under 25.5-1-104(4), C.R.S. and 25.5-1-201(1)(a), C.R.S., the Department enters into agreements with qualified health care providers for the provision of and payment for medical care, goods, and services to eligible persons. The Department has extended, and continues to extend, an open invitation to all qualified health care providers to enter into such agreements. This regulation clarifies that the Department's duty to comply with federal law requires that it enter into agreements with qualified health care providers to create a mechanism for payment to those providers, be they individuals or entities, who provide goods to or perform services for the eligible persons served by the Department's programs.
- B. Each qualified provider that enters into a "qualified agreement" shall be deemed to have participated in an open, public invitation (to more than three parties) to provide services to the eligible persons served by the Department's programs.

8.040.2 SUBMISSION OF CLAIMS

Effective July 1, 1994, all Medical Assistance program providers shall be required to transmit in an approved electronic format to the fiscal agent for the Department all claims for goods and services which are benefits of the Medical Assistance program provided to eligible clients. Electronic claims format shall be required unless hard copy claims submittals are specifically authorized by the Department.

A transaction fee shall be required for each electronic claim transmission. This transaction fee shall be collected from the provider against current and future claims of the provider through a reduction in claim reimbursement and shall be so described on the Medicaid Remittance Statement.

Required information concerning the recipient, the service, charges, and provider shall be submitted in the prescribed format. Records verifying the type of service provided, the signed state approved certification statements and agreements which serve as a contractual basis for payment, and required client information or additional documentation which can be matched to the claim for services shall be retained in the provider's file for six years. This documentation shall be made readily available and produced upon request of the Secretary of the Department of Health and Human Services, the Department, and the Medicaid Fraud Control Unit and their authorized agents.

A. Hard Copy Claims

Hard copy (i.e., paper) claim forms shall be submitted only by authorization of the Department. The state approved certification statements contained on the claim form become effective and serve as a contractual basis for payment when the provider signs the form.

B. Automated Medical Payments System/Electronic Transfer of Claims

All providers shall be required to transmit claims for goods and services in the approved electronic format to the fiscal agent for the Department. Only those electronic formats which have been approved by the fiscal agent will be accepted for Automated Medical Payments System.

Before a provider can submit claims electronically, either directly to the fiscal agent or through a vendor or billing service, state approved provider certification agreements which contain all state approved certification statements and conditions shall be signed and accepted by both the provider and the Department. The state approved certification statements become effective and serve as a contractual basis for payment once the provider signs the form. A billing service shall also have a state approved billing service agreement signed and accepted by the Department before any claims will be accepted. The content of the agreements shall be determined by the Department.

If a provider chooses to submit claims for payment directly to the fiscal agent, source documents and source records used to create the claims shall be maintained in such a way that all electronic media claims can be readily associated and identified. These source documents, in addition to any work papers and records used to create electronic media claims, shall be retained by the provider for six years and shall be made readily available and produced upon request of the Secretary of the Department of Health and Human Services, the Department, and the Medicaid Fraud Control Unit and their authorized agents.

A corporation composed of satellite facilities with a common ownership may be considered as a primary provider and bill as such even though each individual facility has a provider number. However, the submitted claims shall identify the facility providing the services. Original source documents used to create the claims transmission shall be maintained at the facility for six years.

If a provider utilizes a billing service to transmit claims, the provider shall provide source documents and any other data transfer materials necessary to create the electronic claim. The billing service shall retain the source documents and data transfer materials for a six year period except when these items are maintained by the provider. Original source documents and data transfer materials shall be made readily available and produced upon request of the Secretary of the Department of Health and Human Services, the Department, and the Medicaid Fraud Control Unit and their authorized agents. If the provider furnishes the information to the billing service on a computer disc or some other method of electronic transmission, then the source documents used to create the disc or transmission shall be retained by the provider for six years and made readily available and produced upon request.

If the billing service goes out of business, then upon cessation of business, the billing service shall immediately return all documents to each individual provider.

Upon receipt of the electronic transmission, the fiscal agent will process the claims to the M.M.I.S. If the transmission is rejected, the fiscal agent shall send an electronic acknowledgement of rejection to the sender. Claims denied through the M.M.I.S. shall be described on the Medicaid remittance statement.

Electronic transmission of claims shall be required of any provider or billing service. The Department also reserves the right to reject any electronic claims transmission methods.

Failure of the provider or billing service to maintain and certify appropriate records as required by the state approved provider agreements constitutes breach of the state approved provider agreement, and entitles the Department to recover any payments for goods and services made to the provider and to terminate any state approved provider agreement. Thirty day written notice by registered mail shall be used by either party to terminate a state approved provider agreement unless the Department determines that good cause as defined in 8.076.1.7. exists in which immediate termination is necessary. Recovery may be accomplished by withholding the amount from future payments or requiring the provider to make payments directly to the Department as described in 8.040.

Electronically submitted claims must have a certification field indicating that the sender has verified that the claim information transmitted is true and correct. A hard copy of this transmittal will be kept on file at the provider's or billing service's place of business. All claim transmissions which require a state authorized attachment for the purposes of reimbursement or certification of service, will be submitted on hard copy (i.e., paper) and maintained with the providers' original source documents for a period of six years.

.01 Effective 10/1/93, all claims for services provided to eligible Medicaid recipients must be received by the fiscal agent within 120 days from the date of service or 120 days from the Medicare processing date for all Medicare Crossover claims.

.02 Timely Filing Extensions for Circumstances Beyond the Control of the Provider

- A. Delayed Processing by Third Party Resources

Medicaid is always the payer of last resort; however, if the initial timely filing period expires because of delays by the third party insurer in providing third party payment or denial documentation, the claim will be considered timely if it is received within 60 days from the date of the third party payment or denial or within 365 days from the date of service, whichever occurs first. A copy of the third party payment voucher or letter of denial must be attached to the claim form or the claim will be denied.

- B. Delayed/Retroactive Recipient Eligibility

If the initial timely filing period expires because of delays by the county in establishing recipient eligibility or because recipient eligibility is back-dated, the claim will be considered timely; if it is received within the applicable initial timely filing period from the date that the recipient appears on the state eligibility files. Each claim must be accompanied by an authorized notification from the county department of social services which verifies the delayed or retroactive eligibility, and states the date when such action was entered on the eligibility system or the claim will be denied.

- C. In all other instances, including possible exceptions to 8.043.02, A. and B. above, and 8.043.03 following, where extenuating circumstances beyond the provider's control allegedly existed, such circumstances as might have existed must be thoroughly documented and submitted as a reconsideration to the fiscal agent's Medicaid Exceptions Unit. However, employee negligence in carrying out their duties or employer negligence in making sufficient and well-trained employees available or in properly monitoring contractual employees/agents will not be considered extenuating circumstances beyond the control of the provider.

.03 Rebills/Adjustments/Reconsiderations

Denied and incorrectly paid claims may be resubmitted to the fiscal agent at any time during the initial timely filing period. However, if the initial timely filing period has expired, the fiscal agent must receive the rebill or adjustment/reconsideration request within 60 days from the latest Remittance Statement (RS) run date or the latest other written notification of adverse action. Copies of all Medicaid Remittance Statements and/or other written notifications of adverse action documenting initial and subsequent timely filing within the 60-day limit must be attached to the claim form or the rebill or request for adjustment/reconsideration will be denied.

.04 All original claims, rebills of denied claims, requests for adjustment of incorrectly paid claims, or requests for reconsideration of denied or incorrectly paid claims to the fiscal agent's Medicaid Exceptions Unit must be received by the fiscal agent within the applicable timely filing period; and, it is the provider's responsibility to ensure that this receipt occurs.

A claim, whether filed for the first time, rebilled, or submitted for adjustment/reconsideration, is considered to be filed when the fiscal agent documents receipt of that claim. Dated claim signatures, certified mail receipts and postmarks, or internal office logs (computerized or manual), for example, shall not constitute filing for the purpose of meeting the timely filing requirements of this manual and the controlling federal regulations. The date of receipt is the date the fiscal agent receives the claim, as indicated by a date stamp, or an imprinted Transaction Control Number assigned by the automated claims processing system - on the claim.

If an original claim, a rebill of a denied claim, a request for adjustment of an incorrectly paid claim, or a request for reconsideration of a denied or incorrectly paid claim to the fiscal agent's Medicaid Exceptions Unit is not acknowledged in written/printed form within thirty (30) days, it is the responsibility of the provider to inquire concerning its status, or resubmit. The weekly Medicaid Remittance Statement shall be proper and sufficient notification of fiscal agent action resulting from any provider request or submittal.

.05 All valid claims must be paid within 12 months from the date of receipt, except in the following circumstances:

- A. This time limitation does not apply to retroactive adjustments paid to providers who are reimbursed under a retrospective payment system; that is, claims that are paid on the basis of a provisional payment rate set prospectively for an accounting period, and in which payments may be retrospectively adjusted on the basis of the cost experience during the accounting period.
- B. If a claim for payment under Medicare has been filed in a timely manner, payment may be made for a Medicaid claim relating to the same services within 6 months of notice of the disposition of the Medicare claim.
- C. The time limitation does not apply to claims from providers under investigation for fraud or abuse.
- D. Payment may be made at any time in accordance with a court order, to carry out hearing decisions or agency corrective actions taken to resolve a dispute, or to extend the benefits of a hearing decision, corrective action, or court order to others in the same situation as those directly affected by it, including the resolution of an administrative reconsideration or appeal.

 - b. That payment is made to a business agent (such as a billing service or accounting firm) who renders statements and receives payments in the name of the provider, if the agent's compensation for this service is:
 - (1) Reasonably related to the cost of processing the billings,
 - (2) Not related on a percentage or other basis to the dollar amounts to be billed or collected, and
 - (3) Not dependent upon the actual collection of payment.

With respect to physicians, dentists or other individual practitioners, payment may be made:

- a. To the employer of the physician, dentist, or other practitioner if the practitioner is required as a condition of his employment to turn over his fees to his employer; or
 - b. To a foundation, plan, or similar organization, including a health maintenance organization, which furnishes health care through an organized health care delivery system if there is a contractual arrangement between the organization and the person furnishing the service under which the organization bills or receives payments for such person's services.
- .14 Payment under the Medical Assistance program for any care or service furnished to an eligible individual by a provider shall not be made to or through a factor, either directly, or by virtue of a power of attorney given by the provider to the factor.

The fiscal agent is authorized by the Colorado Department of Social Services to recognize and apply all applicable State and Federal rules and regulations to process claims to satisfactory claim payment. Adverse administrative action by the fiscal agent through routine fiscal agent operations which results in the reduction or claim denial to a Medicaid provider may be submitted for reconsideration. Providers shall submit rebills and adjustment requests through routine fiscal agent operations until all routine processing procedures have been exhausted.
- B. If satisfactory resolution is not obtained through routine fiscal agent operations, the provider may file a written reconsideration with the fiscal agent's Medicaid Exceptions Unit. The provider must provide documentation essential to review the request for reconsideration. Copies of all Medicaid Remittance Statements (RS) and other written notification of adverse action documenting initial and subsequent timely filing, along with a signed copy of the original claim (including original attachments), and a brief explanation of the nature of the reconsideration must be submitted. The Request for Reconsideration must clearly be identified by attaching a designated Request for Reconsideration form to the claim or by identifying the word "Reconsideration" on the face of the claim form. Requests for reconsideration that do not include a completed claim form will be returned to the provider.
- C. Requests for reconsideration will be reviewed and the result of the review will, upon completion, be reported on the Medicaid Remittance Statement.

 - c. Subsequently send to the applicant/recipient at his or her last known address written notice of the decision.
 - d. The hearing decision shall constitute a Final Agency Decision for purposes of requesting judicial review, and Section 8.057.11 shall apply.

8.057.5 MAINTAINING SERVICES

8.057.5.A. Where the recipient requests a hearing before the date of action, the recipient's services may not be terminated or reduced until a final agency decision is rendered after the hearing unless:

- 1. It is determined at the hearing that the sole issue is one of federal or state law or policy; and
- 2. The recipient is promptly informed that services are to be terminated or reduced pending the hearing decision.

8.057.5.B. Where the action of the Department or its designee is sustained by the final agency decision, the Department or its designee may institute recovery procedures against the applicant or recipient to recoup the cost of any services furnished the recipient, to the extent they were furnished solely by reason of this section regarding maintaining services.

8.057.5.C. Continued Benefits During an SSA Appeal. If an individual receiving Medicaid based upon disability is determined by SSA not to be disabled, and he or she is not eligible for Medicaid on some other basis, Medicaid is continued during the 60-day period within which an SSA appeal may be filed. If the individual does not appeal the SSA decision within the 60-day period, Medicaid shall be terminated.

If an SSA hearing is requested within the 60-day period, Medicaid may not be terminated until a final decision is made after the SSA hearing. A final administrative decision occurs when the Medicaid recipient has no right to further administrative appeal with the SSA. The Department shall provide 10-days notice to the individual that Medicaid shall be terminated after the 60-day period if the individual fails to appeal the SSA decision.

8.057.5.D. Continuation or Reinstatement of Benefits After The Effective Date Of The Action. Where the recipient requests a hearing not more than 10 days after the date of the intended action, the recipient's services may be continued or reinstated until a final agency decision is rendered after the hearing if the recipient provides verification, in the form of a signed statement with supporting documentation, of one of the following circumstances.

- 1. The recipient's life, health, or safety will be impacted by the loss of benefits.

2. The recipient was unable to request a hearing before the date of action due to the recipient's disability or employment.
3. The recipient's caregiver or their authorized representative was unable to request a hearing before the date of action due to their health or employment.
4. The recipient did not receive the County's or designated service agencies notice prior to the effective date of the intended action.

8.057.6 DENIAL OR DISMISSAL OF REQUEST FOR HEARING

8.057.6.A. The request for hearing shall be denied or dismissed if:

1. The applicant or recipient withdraws the request in writing; or
2. The applicant or recipient fails to appear at a scheduled hearing without good cause. Good cause shall mean a sudden severe illness, an accident, or other particular occurrence which, by its emergent nature and drastic effect, prevented appearance at the hearing.

8.057.6.B. The applicant or recipient shall have 10 calendar days from the date of the notice of dismissal scheduled hearing to explain, in a letter to the Administrative Law Judge, the reason for his/her failure to appear. If the Administrative Law Judge finds that there was good cause for the nonappearance, the Administrative Law Judge shall schedule another hearing date.

8.057.7 FAIR HEARINGS

3. Decision by a nursing facility to transfer or discharge a resident; and
4. Determination with regard to the preadmission screening and annual resident review requirements.

8.057.7.B. Conference telephone hearings may be conducted as an alternative to face-to-face hearings. All applicable provisions of the face-to-face hearing shall apply to telephone hearings.

8.057.7.C. Upon receipt of notice of a Department hearing of an appeal, the county department shall arrange for a suitable hearing room appropriate to accommodate the number of persons, including witnesses, who are expected to be in attendance.

8.057.7.D. Except as otherwise specifically provided in these rules, the provisions of Section 24-4-105, C.R.S., as amended, shall apply to the conduct of fair hearings.

8.057.7.E. Hearings related to an applicant or recipient's disability determination, level of care determination or target group eligibility shall be held within 20 calendar days after the Office of Administrative Courts receives the request for a fair hearing unless the client demonstrates good cause for postponement of the hearing. Under no circumstances shall the hearing be conducted more than 45 calendar days after receipt of the request for a fair hearing.

8.057.7.F. In hearings which involve medical issues such as those concerning a diagnosis, an examining physician's report or a medical review team's decision, the Administrative Law Judge may order a medical assessment other than that in the record of the Department or its designee making the disability determination if the Administrative Law Judge considers such medical assessment necessary. The assessment shall be at the expense of the Department or its designee and shall be made part of the record.

8.057.7.G. The hearing shall be private unless the applicant or recipient requests, on the record, that the hearing be open to the public.

8.057.7.H. If the appellant is not fluent in English or has a language difficulty, the Department will arrange with county assistance to have present at the hearing a qualified interpreter who will be sworn to translate correctly.

8.057.8.B. The Administrative Law Judge shall issue the Initial Decision following a disability determination hearing, a level of care denial hearing or a target group eligibility hearing within 20 calendar days of the hearing date.

8.057.8.C. The Initial Decision shall be in writing and shall:

1. Summarize the facts;
2. Identify the regulations and evidence supporting the decision;
3. Advise the applicant or recipient that failure to file exceptions to the provisions of the Initial Decision shall waive the right to seek judicial review of a final agency decision affirming those provisions.

8.057.8.D. The Administrative Law Judge shall be bound by the Department's interpretation of statutes where the Department has regulations implementing such statutes.

8.057.8.E. The Administrative Law Judge shall have no jurisdiction or authority to determine issues of constitutionality or legality of the Department's regulations.

8.057.8.F. In hearings concerning disability determinations, the only factual issue to be determined by the Administrative Law Judge is whether the applicant or recipient meets the Medicaid definition of disability or blindness set forth in section 8.100.1. The Administrative Law Judge's determination shall be limited to whether or not the applicant or recipient met the definition of disability or blindness on the date that the disability determination was completed.

8.057.8.G. In hearings concerning level of care determinations, the only factual issue to be determined by the Administrative Law Judge is whether the applicant or recipient meets the level of care screen applicable to the program at issue. The Administrative Law Judge's determination shall be limited to whether or not the applicant or recipient met the level of care on the date that the level of care determination was completed.

8.057.9 REVIEW BY THE OFFICE OF APPEALS

8.057.9.A. The Department's Office of Appeals shall promptly serve the Initial Decision upon each party to the fair hearing by first class mail. Party shall include the Department even if the Department has not previously appeared as a party to the appeal.

8.057.9.D. A written transcript of the hearing is required where the party filing the exceptions asserts that the findings of evidentiary fact in the Initial Decision are not supported by the weight of the evidence.

1. The party requiring a written transcript of the hearing shall request the written transcript from the Office of Administrative Courts prior to the filing of exceptions. If the written transcript is not filed with the exceptions, the exceptions shall state that a written transcript has been requested. The party shall comply with all applicable due dates. Prior to the due date for filing exceptions, the party may request, in writing, an extension of time to file either exceptions or the written transcript.
2. In cases where the applicant or recipient (Appellant) requests a written transcript in order to file exceptions based on findings of evidentiary fact, the Department shall pay the transcribing agency for the cost of one original transcript for the Office of Appeals, and one copy for the requesting applicant or recipient.

8.057.10 FINAL AGENCY DECISIONS

8.057.10.A. The Final Agency Decision shall be based on the record except that the Office of Appeals may remand for rehearing if a party establishes in its exceptions that material evidence has been discovered which the party could not, with reasonable diligence, have produced at the hearing.

8.057.10.B. The record shall consist only of:

1. The written transcript of testimony and exhibits,
2. All papers and requests filed in the proceeding;

8.057.10.D. The Office of Appeals shall issue a Final Agency Decision within 90 calendar days, except as stipulated in 8.057.10.E, from the date the request for a hearing is received unless an extension has been granted to the applicant or recipient in which case the 90 calendar day period shall be increased accordingly..

8.057.10.E. The Office of Appeals shall issue a Final Agency Decision within 3 calendar days from the date the request for an expedited hearing is received.

8.057.11 NOTIFICATION OF DECISION

8.057.11.A. The applicant or recipient shall be provided, in writing, with:

1. A copy of the Final Agency Decision; and
2. Notification of his/her right to seek judicial review and the effective date of the Final Agency Decision for purposes of requesting judicial review.

8.057.11.B. For purposes of requesting judicial review, the effective date of the Final Agency Decision shall be the third day after the date the decision is mailed to the parties, even if the third day falls on Saturday, Sunday or a legal holiday.

8.057.12 CORRECTIVE ACTION

8.057.12.A. If the Final Agency Decision is favorable to the applicant or recipient, corrective action shall be taken, within three working days after the effective date of the Final Agency Decision, retroactive to the date the incorrect action was taken.

8.057.13 RECONSIDERATION OF FINAL AGENCY DECISION

8.057.13.A. A party may file a motion for reconsideration of a Final Agency Decision with the Office of Appeals:

1. Upon a showing of good cause for failure to file exceptions to the Initial Decision within the allowed 15 calendar day period; or
2. Upon a showing that the Final Agency Decision is based upon a clear or plain error of fact or law.

8.057.13.B. The motion for reconsideration shall be filed, in writing, with the Office of Appeals within 15 calendar days of the date that the Final Agency Decision is mailed to the parties. The motion shall state the specific grounds for reconsideration.

8.057.13.C. The Office of Appeals shall promptly serve a copy of the motion for reconsideration on each party by first class mail. Each party may file a written response to a motion for reconsideration filed by another party within 10 calendar days from the date the motion was mailed to the parties.

8.057.13.D. The Office of Appeals shall promptly serve a copy of its decision on the motion for reconsideration on all parties by first class mail.

8.057.14 INFORMAL CLIENT CONFERENCE IN DISABILITY DETERMINATIONS

8.057.14.A. Prior to the issuance of an action regarding an applicant or recipient's disability determination, the Department or the entity designated to conduct the disability determination shall provide the applicant or recipient with the opportunity for an informal conference, in person or by telephone, at which time the applicant or recipient may provide new or additional information relevant to the applicant or recipient's claim of disability or blindness.

8.057.14.B. If an action issues from the Department or the designated entity, the appeal procedures set forth in 8.057, Recipient Appeals, shall apply to disability determinations.

8.057.15 ALTERNATIVES TO INSTITUTIONAL CARE

8.057.15.A Recipients who are determined to be likely to require a level of care available in an institution shall have the right to request a hearing where:

1. The recipient is not given the choice of home and community-based services as an alternative to the institutional care or
2. The recipient is denied the service of their choice or available provider of their choice.

8.058 REQUEST FOR PRIOR AUTHORIZATION

8.058.1 Certain services, supplies, equipment, and drug items are available as a benefit of the Medical Assistance program only with prior authorization from the Department or its designee. With respect to benefits not specifically dealt with elsewhere in the Volume VIII staff manual, prior authorization shall be requested by submission of a Request for Prior Authorization form, or in the case of dental services, submission of a Dental Claim form.

8.058.2 Upon receipt of a request for prior authorization which is inadequate or incomplete, the Department or its designee shall contact the requesting provider by phone or mail, as appropriate, within 10 working days to request the missing information.

8.058.3 Based upon medical information included on the appropriate request form, the Department or its designee shall approve or deny all requests for prior authorization within 10 working days following receipt of a complete and adequate request.

8.058.4 The provision of care, drugs, services, or equipment during an emergency situation is exempt from the regular prior authorization system. In such cases, benefits which would have been authorized in the absence of the emergency may be authorized retroactively. An emergency is defined as any condition in which care, drugs, services, or equipment must be immediately dispensed due to a life threatening condition or a condition requiring immediate medical intervention. The treating physician shall determine the existence of an emergency, and shall reduce the request to writing, including a description of the emergency. Such description shall serve as justification of the emergency benefits, and shall be submitted with a Form 10013 within 60 days following the emergency situation. The Department shall review the emergency request in order to determine the need for continuing or ongoing benefits arising from the emergency.

The State Department of Social Services has determined from its records that it must reduce your Medicaid Benefits, or that it must suspend certain benefits, or that you are restricted to receiving certain benefits, or that you are to be locked in to particular providers. The proposed action, the reasons therefor, and the applicable rules are as follows:

b. The reasons and rules which apply are:

II. If the State took an action which you think wrongs you and which involved interpretation of the law or the rules as applied in your particular situation, you have the right to a hearing before the State department of Administration to contest this decision. The hearing place, date, and time will be set by the Hearing Officer. You will be notified directly by the Hearing Officer in writing where and when the hearing shall be. You may be able to get an extension of this scheduled hearing date by calling the Hearing Officer. Your call or written request for extension, questions, request for further information, or other communication with State Staff or the Hearing Officer about this proposed action must be received two days before the proposed effective action date listed in Section I-B.

If you disagree with the above-described proposed action and want to appeal, i.e., have a State hearing, you must request a hearing in writing. If you want to do this, you must get your request in the mail not later than 15 days from the date shown in Part V of this form. If you do not come to the State hearing on the date and time set by the Hearing Officer, you will be considered as having abandoned the State level appeal, and the proposed action will be taken by the State department.

EXPLANATION OF PRIOR NOTICE PROCEDURE,
APPEAL PROCESS, AND RIGHTS

The following is an explanation of the notice appearing on the other side of this form, the procedure which it initiates, and your rights of appeal. Generally, you are given one chance to appeal to the State. The State can not make the change it tells you about until the end of the prior notice period. The material below talks about these and other rights you have.

1. Prior Notice When the State department determines that it must take an action which adversely affects your Medical benefits, the State is required to provide an advance notice of such intended action to you at least 15 days before the date that it would become effective (which is "the prior notice period"). The notice must tell you what the State intends to do, why the action appears necessary, and the Department of Social Services' rule, or rules, which appear to be applicable and on which the intended action is based. This gives you time to receive the mailed notice, get further explanation from the State (or for you to provide additional information), to decide whether to go to the State hearing, and if so, to prepare for that hearing.

2. State Appeals After you get the prior notice, and if you disagree with the intended action and want to appeal, you must write to say that you want to appeal. This contact must be made within 16 days of the date this form was mailed to you as shown in Part V on the other side of this form.

All State evidentiary hearings are reserved and scheduled by the Hearing Officer. When there is good reason for a person not to be able to get to the hearing on the reserved day, an extension can be given, but you will have to call the Hearing Officer within the 15-day prior notice period to get this extension. If you do not come to the State hearing on the reserved day or get an extension, the conclusion is made that this hearing right is given up and the State will carry out its intended action. The State hearing is run by an individual who is not involved in your case and is required to be impartial. That person will make the decision as to whether the State-intended action is right or wrong. If it is determined to be wrong, the action intended will not be carried out; if the intended action is determined by the State Hearing Officer to be correct, the action will be carried out.

When you want to appeal something which is not covered in the notice process, you must start that appeal (get your request in the mail) not later than 15 days from the date the improper action took place.

The State department is required to give you full and complete explanations of actions it takes, so it is suggested that you get a full understanding from them as to what the action is before you file an appeal. However, the right to appeal is yours in any case.

If you want to start a State appeal, you should write a letter to:

Colorado Department of Social Services
Division of Hearing Officers
1525 Sherman Street, Room 207
Denver, Colorado 80203

Say in that letter that you want to appeal and why. If you need help to do this, you can ask anyone you desire to help you, or talk to a Legal Aid Office, or ask your County or State Social Services people to help you.

When such an appeal is received, you will get a letter from them explaining what will be done and the date, etc., for the appeal hearing. They also will tell you about who can come with you, present testimony, and other details about an appeal hearing.

You should be aware that the State and County are required to attempt collection or get repayment of all benefits provided you for which you are not entitled.

3. Interim Relief At any time during the appeal process concerning a suspension, reduction, or lock-in of benefits, you may request interim relief, i.e., that the action described upon the other side of this form be postponed until the appeal process is completed. If it can be shown that irreparable damage will occur if the action is completed, interim relief will be granted. Requests for interim relief should be directed to the Division of Hearing Officers at the address given above and should be accompanied by an appropriate statement regarding potential harm.

4. Judicial Review If you disagree with the decision from the State appeal, you have the right to apply for Judicial Review in the appropriate State District Court. Such requests for Judicial Review must be filed in accordance with the rules of civil procedure for Courts of Record in Colorado and must be filed within thirty days after the appeal decision becomes effective.

5. Discrimination If you believe that you have been discriminated against because of race, color, religion, sex, handicap, national origin, age, or political beliefs, you have a right to file a complaint with:

Colorado Department of Social Services or:
Complaints Section
1575 Sherman Street
Denver, Colorado 80203

8.061 USE OF OTHER RESOURCES IN THE PROVISION OF MEDICAL ASSISTANCE BENEFITS

- .1 Individuals are expected to utilize, to the extent possible, all those resources which are available to them through Social Security, Medicare or other private or public medical care programs which provide benefits to such individuals.
- .2 Benefits provided under the Medical Assistance Program (Medicaid) will not duplicate those available to the client from private insurance policies. (See Section 26-4- 106(4), C.R.S.)
- .3 Clients who are eligible for medical care or benefits through the Veterans Administration, Military Dependency (CHAMPUS), United States Public Health Service, or other health programs are expected to make maximum use of these services before Medical Assistance benefits are utilized.
- .4 If a client has primary health coverage through a third party (i.e., a commercial or individual policy, an HMO, PPO, automobile or worker's compensation policy), the client must utilize that primary third party coverage prior to utilizing Medicaid services.
- .5 If a client fails to comply with the primary health coverage requirements (including not using the primary coverage's provider network, not obtaining a referral or other cost containment provisions), the client will be liable to the provider for the health services and Medicaid will not be liable.
- .6 If a provider knowingly provides health services to a Medicaid client who is not enrolled into a client's primary health coverage, neither the client nor Medicaid will be liable for the costs of services.
- .7 If written or oral communication regarding the health coverage requirements is not provided to the client by the liable third party or the provider of service, then the client will not be liable for the service. The client will only be liable if written documentation exists that the client was provided with instructions regarding the plan requirements. The client will not be liable to the provider for the cost of health services if the client is unable to comply with the requirements of the primary health coverage due to an emergency medical condition. (See Section 26-4-403(1)(III)(A).
- .8 Emergency medical condition means the sudden, and at the time, unexpected onset of a health condition that required immediate medical attention, where failure to provide medical attention would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person's health in serious jeopardy. Benefits cannot be denied for conditions which a prudent lay person would perceive as emergency medical conditions as specified by the Division of Insurance Regulation 4-2-17, Section 6.G. (Vol. 8. Sec. 8.205 C,).
- .9 A client may enter into an agreement with a third party or provider whereby the client agrees to be personally liable for payment of services not covered by the third party or Medicaid. This agreement must set forth the specific services provided by the third party or provider, the approximate cost of services provided and the method of payment by the client. The agreement must be signed and dated by both the client and the third party or provider in advance of the services being rendered. (See Section 26-4-403 (1)(III)(B).
- .10 A client who becomes liable for medical services under this rule has the right to the formal adjudication process described at Section 8.058 of this staff manual, also known as the Fair Hearing process at which an Administrative Law Judge (ALJ) presides. An appeal to the ALJ shall be in writing.

8.061.2 RESPONSIBILITY FOR SECURING MEDICAL RESOURCE INFORMATION

- .21 The county department is required to secure information concerning the health insurance or other medical coverage of an individual at the time that individual applies or is predetermined eligible for public assistance. Such information relates to the name(s) and State ID. number(s) of the individual(s) covered by the medical coverage, the name of the insurance company, policy number, policy holder, the effective dates of the policy coverage, the address where the medical claim forms must be submitted, and any other information determined necessary for third party liability purposes. This information is to be entered on the State prescribed Client Health Resource Information Form (MS-10). The completed form will be given to the State Department (or its fiscal agent). The information so supplied will be entered into a computerized file and will serve as the basis for claims payment or denial.
- .22 The county must enter the required medical resource code for a client on either the AP-800 Financial and Medical Eligibility Reporting Form, PCS 100 or FCS 700, Family and Children Services/Child Welfare Medical Forms. This medical resource indicator will be available on the eligibility verification. Medical providers will be required to bill the resource listed (if applicable) before submitting the claim to the Medical Assistance Program for payment.
- .23 The individual providers, e.g., hospitals, physicians, home health agencies, etc., are required to make inquiry regarding other medical resources a client has at the time medical services are furnished. If the eligibility verification indicates that a resource appropriate to the medical service provided exists, that resource must pay or deny the claim before the Medical Assistance Program can be billed. It is the responsibility of providers to obtain any necessary assignment of benefits from the client.

8.061.3 RIGHT OF RECOVERY IN THIRD PARTY LIABILITY CASES

Section 26-4-403(3), as amended, establishes the State Department's right to recover the cost of medical care provided to an eligible Medicaid client when a third party is liable.

- .31 Examples of situations in which third party may be liable are: work-related injury covered by worker's compensation, automobile accidents, accident or personal injury claims.
- .32. County department staff shall report any and all possible cases of this type involving a Medicaid client to the State Department Specific information regarding the case should be provided whenever known. This includes date and nature of the accident, injuries sustained, name and address of potentially liable third party, name and address of client's attorney.

8.061.40 AGREEMENTS AND PROCEDURES UTILIZING OTHER AGENCY - RESOURCES

The State Department of Health Care Policy & Financing has working agreements with various agencies which provide medical care under other programs to individuals. To the extent possible, Medical Assistance Program benefits are to be coordinated with the activities and efforts made by other agencies. This includes details on how referrals are made and utilization of other agency benefits, etc.

8.062 SOCIAL SECURITY MEDICARE BENEFITS

**8.062.10 SOCIAL SECURITY "MEDICARE" HOSPITAL INSURANCE BENEFITS (HIB)
(PART "A")**

- .11 Individuals who receive financial benefits under OASDI or Railroad Retirement and are 65 years of age and over are automatically enrolled for HIB. All other persons must complete an application form for HIB.

- .12 Certain of the benefits provided under HIB have deductible provisions, co-insurance, or both. The State Department shall reimburse deductible and cost sharing amounts for skilled nursing homes at the Medicare or Medicaid maximum allowable reimbursement limits, whichever is the lesser. The State Department's reimbursement for hospital inpatient and hospital outpatient deductible and cost sharing shall not exceed Medicare reimbursement to the hospital.

8.062.20 SOCIAL SECURITY "MEDICARE" SUPPLEMENTARY MEDICAL INSURANCE BENEFITS (SMIB) (PART "B")

- .21 The State Department shall pay the monthly SMIB premium for all recipients of the Medical Assistance Program who are found eligible for participation by Social Security. These eligibles include:
- A. People 65 and over who have Medicare Part "A".
 - B. All other people 65 and over who are U.S. citizens, or aliens lawfully admitted to the U.S. and residing here for at least five years.
 - C. People under 65 who have been receiving monthly Social Security disability benefits under Title II for 24 months.
 - D. People under 65 who are eligible for Medicare Part "A" because they have chronic renal disease.

In addition to the charge for premium payment, individuals who have SMIB coverage are charged a yearly deductible, plus 20% of the Medicare maximum allowable reimbursement for services. The state department shall reimburse the deductible and cost sharing amounts for non-institutional services up to the Medicare or Medicaid maximum allowable limit, whichever is lower.

- .22 The county department is responsible for notification to the State Department, using the appropriate "Notice of Action" form, of individuals who are newly eligible or no longer eligible, and who are covered under SMIB.

8.062.30 METHOD OF ADMINISTRATION

Administrative arrangements have been made between the State Department and the Medicare fiscal intermediaries for payment of the deductibles and co-insurance payments to vendors.

8.062.40 REFUSAL TO APPLY FOR TITLE XVIII BENEFITS

In some instances, an individual who refuses to sign a Medicare Application can be determined to be incompetent and an application can be signed in his behalf by another person. The following is in accordance with a guidance statement from the Social Security Administration for such cases:

If a recipient is incompetent, the application for Medicare benefits (Form SSA-18) can be signed by someone else in his behalf. Such person can be the recipient's legal guardian, a relative, an interested friend, an authorized official of an institution where the individual may reside, or an authorized official of the county department (such as the director, a supervisor, or a caseworker, etc.). Where such an application is made for Medicare benefits only (as opposed to monthly money payments for Social Security Retirement or Survivor's benefits, etc.), there does not necessarily have to be a physician's statement concerning incompetency. The person making such an application must, however, enter a statement on the form, describing the recipient's condition to the extent necessary to leave no reasonable doubt regarding such condition. Only where doubt exists as to incompetency, need a doctor's statement be attached as to the person's incompetency for Medicare application.

8.062.50 USE OF CERTIFIED FACILITIES

When a recipient is hospitalized in a licensed hospital or utilized a licensed facility which is not certified, or accredited, as a participant in the Title XVIII Medicare Program, benefits under Title XVIII are unavailable for the care of the recipient. In such situation, the Medical Assistance Program will provide the recipient with emergency services only.

Whenever feasible, the county department shall encourage recipients to utilize certified facilities.

8.063 MEDICAL ASSISTANCE ESTATE RECOVERY

- .11 The state department may seek to recover medical assistance expenditures correctly paid from the estates of deceased individuals as follows:
- A. Recoveries of payments are made for all medical assistance paid on behalf of an individual who was institutionalized at the time he/she received medical assistance
 - B. Recoveries of payments are made for nursing facility services, home and community-based services, and related hospital and prescription drug services paid on behalf of an individual who was 55 years of age or older at the time he/she received medical assistance. The state department does not make the optional recoveries described under federal law in 42 U.S.C. § 1396p(b)(1)(B)(ii) in the case of an individual described in this subsection.
- .12 The state department may limit estate recovery to recoveries that are cost-effective. The term "cost effective" means that the amount of medical assistance expenditures likely to be recovered is greater than the likely cost to the state of the recovery.
- .13 The state department may file a lien on the real property of an institutionalized person for the amount of medical assistance correctly paid on behalf of the person, only if:
- A. the department determines that the medical assistance recipient cannot reasonably be expected to be discharged from the institution and to return home; and
 - B. there is no spouse of the recipient lawfully residing in the home; and
 - C. there is no child of the recipient under age 21 or blind or disabled dependent of the recipient lawfully residing in the home; and
 - D. there is no sibling of the recipient who has an equity interest in the home and who was lawfully residing in the home for at least one year immediately prior to the date the recipient was admitted to the institution; and
 - E. later recovery from the estate is likely to be cost-effective.

Medical assistance payments made on behalf of an institutionalized recipient during the time that all lien criteria are not met will be subject to a lien at such time that all lien criteria are met.

- .14 The state department shall determine whether a medical assistance recipient reasonably can be expected to be discharged from the institution and to return home. This determination shall be made by the Utilization Review Contractor after notice and opportunity for a hearing. The determination that the recipient is not likely to return home will be used to decide if a lien will be filed. This determination will not change an exempt home into a countable resource for eligibility purposes.

The notice to the recipient shall include the following:

- A. A statement of the action that the Utilization Review Contractor intends to take, the reasons for the intended action, and the specific regulations that support the action.
- B. An explanation of the term "lien", and that imposing a lien does not mean that the individual will lose ownership of the home.
- C. A statement that the determination will not result in a loss of eligibility for medical assistance benefits.
- D. The process by which a recipient may request a hearing to appeal the decision of the Utilization Review Contractor.

The decision may be appealed through the procedures in the RECIPIENT APPEALS PROTOCOLS/PROCESS Section of this staff manual.

The state department shall dissolve any lien on a recipient's home if the recipient is discharged from the institution and returns to the home subject to the lien.

- .15 The state department shall not recover medical assistance expenditures correctly paid from the estate of a medical assistance recipient if:

- A. There is a surviving spouse of the recipient; or
- B. There is a child of the recipient under age 21 or a blind or disabled dependent of the recipient.

- 8.063.16 In addition to the prohibitions of 8.063.15, the state department shall not recover medical assistance expenditures correctly paid from the sale of the recipient's home, whether or not the home was subject to a lien, if:

- A. there is a sibling of the recipient who was lawfully residing in the home for at least one year immediately prior to the date the recipient was admitted to the institution and who has continuously lived in the home since that date; or
- B. there is a son or daughter of the recipient who was lawfully residing in the home for at least two years immediately prior to the date the recipient was admitted to the institution and who has continuously lived in the home since that date, and who provided care to the recipient which permitted the recipient to reside at home rather than in an institution.

If either of the two conditions above exist, the state department may recover medical assistance expenditures correctly paid from assets in the estate other than the sale of the recipient's home.

- .17 The state department shall file liens and recover expenditures for medical assistance provided on or after July 1, 1992.

- .18 The state department may compromise, settle, or waive recovery of medical assistance expenditures if it determines good cause to do so. The department shall determine that good cause exists if:
- A. it concludes that without receipt of the proceeds of the estate, the heirs would become eligible for assistance payments and/or medical assistance programs; or
 - B. it concludes that allowing the heirs to receive the inheritance from the estate will enable these individuals to discontinue eligibility for assistance payments and/or medical assistance programs; or
 - C. it concludes that the home is part of a business, including a working farm or ranch, and recovery of medical assistance expenditures will result in the heirs to the estate losing their means of livelihood.
- .19 The state department may agree to a payment plan for repayment of any debt owed the state under the Medical Assistance Estate Recovery Program.

8.064.1 DATA PROVISION FROM THIRD PARTIES

8.065 RECOVERY OF MEDICAL ASSISTANCE OVERPAYMENTS

8.065.1 For purposes of Section 8.065, an "overpayment" includes any medical assistance payments, including capitation payments, paid on behalf of a recipient who was not lawfully entitled to receive the benefits for which the payments were made. The County Department of Social Services shall recover all overpayments except that no recovery shall be made where the overpayment occurred through no fault of the recipient.

8.065.2 RECOVERY PROCESS

- .21 When it is determined that an overpayment has occurred, the county department shall within 90 days:
- A. Document the facts and circumstances which produced the overpayment and retain this documentation until the overpayment is paid in full or otherwise resolved.
 - B. Initiate timely and adequate notice as set forth in Section 8.057, ADVANCE NOTICE, of this Staff Manual. Such notice shall include applicable rules concerning the overpayment and recovery sought, and shall request the client to voluntarily repay the amount overpaid.
 - C. Pursue all legal remedies in order to recover the overpayment following the 10-day advance notice period and appeal, if any, pursuant to 8.058, RECIPIENT APPEALS PROTOCOLS/PROCESS of this Staff Manual. Legal remedies include, but are not limited to, judgments, garnishments, claims on estates, interception of other grants in aid, and the State Income Tax Refund Intercept process.
- .22 In accordance with Sections 26-2-133 et seq., C.R.S., the state and county departments may recover overpayments of medical service benefits through the offset (intercept) of a taxpayer's state income tax refund. This method may be used to recover overpayments which have been:
- A. determined by final agency action, or
 - B. ordered by a court as restitution, or
 - C. reduced to judgment.
- .23 Prior to certifying the taxpayer's name and other information to the Department of Revenue, the county department shall notify the taxpayer, in writing at his/her last-known address, that the State intends to use the tax refund offset to recover the overpayment. The pre-offset notice shall include the name of the county department claiming the overpayment, a reference to Medicaid as the source of the overpayment, and the current balance owed.
- .24 The taxpayer is entitled to object to the offset by filing a request for a county evidentiary conference or state hearing within 30 days from the date that the county department mails its pre-offset notice to the taxpayer. In all other respects, the procedures applicable to such hearings shall be those which are stated in this Staff Manual (Section 8.057). At the hearing on the offset, the county department or Administrative Law Judge shall not consider whether an overpayment has occurred, but may consider the following issues if raised by the taxpayer in his/her request for a hearing:

- A. Whether the taxpayer was properly notified of the overpayment.
- B. Whether the taxpayer is the person who owes the overpayment.
- C. If the amount of the overpayment has been paid or,
- D. If the offset amount is incorrect, or
- E. If the debt created by the overpayment has been discharged through bankruptcy.

8.066 HEALTH INSURANCE BUY-IN

The purpose of the Department of Health Care Policy & Financing (Department)'s Health Insurance Buy-In (HIBI) program is to reduce, or shift, Medicaid liability by paying the cost of private health insurance premiums and out-of-pocket expenses for Medicaid clients, when it is cost-effective for Medicaid to do so. The health insurance premiums, deductibles, coinsurance, or other cost-sharing obligation for services, of Medicaid clients who are enrolled in a group or individual health insurance plan, will be paid by the Department, when it is cost-effective to do so. Payment of said services shall be treated as payment for medical assistance. This program is in addition to a client's regular Medicaid benefits.

.1 ELIGIBILITY/CONDITIONS FOR ENROLLMENT

.11 In order to be eligible to participate in the HIBI program, the following criteria must be met:

- A. Client must be eligible for Medicaid during the time period for which premium or cost-sharing payment is requested.
- B. Client must be covered by, or have access to, a cost-effective group or individual health insurance plan.
- C. Client must comply with the requirements of their health insurance plan.
- D. Client must provide documentation required by the Department, sufficient to verify eligibility, continuing coverage, and to permit accurate reimbursement.

.12 Once shown to be cost-effective, enrollment in a group or individual health insurance plan shall be required of clients as a condition of obtaining or retaining Medicaid. A client who is a policyholder shall be required to enroll his or her dependents in the insurance plan, if the dependents are Medicaid-eligible and also eligible to enroll in the cost-effective health insurance plan. However, Medicaid for such dependents shall not be discontinued if a policyholder fails to enroll the Medicaid-eligible dependent.

8.066.2 COST-EFFECTIVENESS

- .21 The determination of cost-effectiveness shall be in accordance with applicable state and federal guidelines.
- .22 A Medicaid client's enrollment in a group or individual health plan is cost-effective when the amount paid for premiums and other cost-sharing obligations plus the State's administrative costs are less than Medicaid's expenditure for an equivalent set of services for the average person in the same category of service.
- .23 If a plan is determined not to be cost-effective using average Medicaid costs in the above process, the specific client's known historical medical costs may be substituted for the average Medicaid costs in the above formula.

- .24 If a Medicaid client has access to more than one health insurance plan, a cost-effectiveness evaluation shall be performed on each. The client shall be informed as to which plan(s), if any, are likely to be cost-effective to Medicaid. The Medicaid client shall be required to enroll in the health plan that indicates the greatest cost savings to Medicaid. If multiple health plans are equally cost-effective, the client may choose which plan to enroll in.
- .25 Written notification shall be mailed to the Medicaid client upon approval for participation in HIBI. The notification will include the effective date, participation requirements, and applicable instructions.
- .26 The enrollment in, or continuation of, a health insurance plan determined not to be cost-effective shall be the client's decision. The client shall be required to notify the county of any plan change or termination. The disposition of such non-cost-effective health insurance plan shall not affect a client's Medicaid eligibility.

8.066.3 PAYMENT OF PREMIUMS

- .31 Premiums and cost-sharing will be paid by the Department, from the date the Department receives a premium claim or an approved referral.
 - A. Up to three (3) months of premium back-payments will only be considered in the following circumstances:
 - (1) Consolidated Omnibus Budget Reconciliation Act (COBRA) invoice, which may cover one to three months.
 - (2) The first invoice of any new plan, which may cover more than one month.
 - (3) Reinstatement of an insurance plan in arrears, if shown to be cost-effective to Medicaid.
 - (4) In certain cases, if it is cost-effective to Medicaid, and good cause is shown. The term "good cause" is defined as conditions outside the control of the individual such as, but not limited to, sudden illness, fire, theft, or acts of God.
 - B. For pregnant women, premiums will be paid by the Department through the end of the month following the birth of the baby.
- .32 Premium payment will be made to an insurance carrier, employer, COBRA administrator, or directly to the client or policyholder, if circumstances warrant.
- .33 Only the portion of the premium that covers the Medicaid client will be paid (i.e., the amount the policyholder would save if he/she were to drop the Medicaid client from coverage). This amount shall be obtained from the premium cost breakdown supplied by the employer or insurance company.
- .34 The portion of the premium covering plan members who are not Medicaid-eligible will be paid if paying the full premium amount is necessary to obtain coverage for the Medicaid-eligible client(s).
- .35 If payment is made in error, the Department has the right to recover the funds paid in error. If a Medicaid client fails to return monies received, participation in the HIBI program may terminate, and the client's county technician may be notified of undeclared income, which may jeopardize Medicaid eligibility.

8.066.4 CRITERIA FOR EXCLUSION

.41 Criteria for exclusion from the HIBI program are as follows:

- A. Medicaid payment of the client's health insurance premium is not found to be cost-effective.
- B. Client is no longer eligible for Medicaid.
- C. Eligibility for, or access to, the health insurance plan has ended.
- D. Payment of the Medicaid client's health insurance premium cannot be made because the insurance coverage is a court-ordered obligation.
- E. Health Insurance is provided at no cost to either the client or policyholder.
- F. Policyholder intends to continue premium payment and does not want to participate in HIBI.
- G. Client has not provided documentation required by the Department.
- H. Client does not comply with the requirements of their health insurance plan.

.42 Written notification of denial or discontinuation shall be mailed to the Medicaid client upon determination that the Medicaid client is not eligible for participation in the HIBI program. The notification will include the effective date and reason for denial or discontinuation.

.5 USE OF/NON-MEDICAID PROVIDERS

The Medicaid client can continue to use his/her own medical provider that participates in the cost-effective health insurance plan. If the provider is not an approved Medicaid provider, the cost of deductibles, coinsurance, and other cost-sharing amounts will be paid by the Department, if it would still be cost-effective to do so.

.6 CLIENT APPEAL RIGHTS

If a Medicaid client is denied or discontinued from participation in the HIBI program, he/she may appeal the decision to the Department of Health Care Policy and Financing. The aggrieved Medicaid client shall file his or her written appeal within sixty (60) days of the mailing date of the adverse action to the HIBI program, the Department of Health Care Policy & Financing. The written appeal will be reviewed by the HIBI officer and manager. A written response to the appeal will be sent to the appellant within 60 calendar days of receipt of the written appeal. A cost-effectiveness evaluation may be resubmitted to the Department with additional information for consideration. Denial or discontinuation at one point in time does not preclude future participation.

8.070 MISUTILIZATION, FRAUD, OR ABUSE

8.070.01 ACTIONS CONCERNING INDIVIDUALS SUSPECTED OF FRAUDULENT ACTS

It is the duty of the county department to take action against any person suspected of obtaining Medicaid benefits to which he is not entitled or in a greater amount than that to which he is entitled.

It identifies excessive patterns in order to rectify overutilization practices of clients, providers and institutions.

The client has 10 days from the date the notification is mailed to appeal the decision.

8.075.4.C. The client will work in conjunction with the Department to select one physician or managed care organization and one pharmacy in which to receive their care. Clients shall be in the Client Overutilization Program for at least 12 consecutive months.

8.075.4.D. If a client becomes ineligible for Medicaid benefits during the restricted period, restrictions shall automatically commence for 12 consecutive months from the month eligibility is reestablished unless determined otherwise by the Department.

8.075.4.E. The following shall apply when the client has been assigned to the selected physician/MCO and pharmacy:

1. The client shall receive notification that identifies the program restrictions and providers. It is the responsibility of the client to request services only from the providers identified on the card.  - D. Medically necessary transportation authorized by the State or county departments.
 - E. Medical certification for recipients in long term care facilities.
- .21 Errors are of two types:
- A. Third party liability errors - when there is a third party(ies) which is available to pay for medical services for eligible recipients, but the party(ies) was not known or fully utilized prior to claims payments.
 - B. Claims processing errors - when claims were paid which did not contain all necessary information, which did not meet the service or payment amount restrictions, or which did not reflect liability for payment correctly.

- .22 Third party liability errors are reported to the county departments by the Quality Control Unit via the Third Party Recovery Unit, Division of Medical Assistance, Colorado State Department of Social Services with requests for the county's report of corrective action.
- .23 Claims processing errors are reported to the appropriate section within the Medical Assistance Division and/or fiscal agent with requests for corrective action.
