QUESTIONNAIRE #9
Transcutaneous Electrical Nerve Stimulator (TENS), Neuromuscular Electrical Nerve Stimulator, (NMES), Functional Electrical Stimulation (FES)

Member Name		Health First Colorado ID #	
-------------	--	----------------------------	--

Height		Weight	
--------	--	--------	--

TENS or NMES is an acceptable treatment modality for some types of chronic intractable pain. Generally, a physician should be able to assess if a member is likely to derive a significant therapeutic benefit from continuous use of a TENS or NMES unit within a trial period of two (2) months. Refer to the [Durable Medical Equipment, Prosthetics, Orthotics and Supplies \(DMEPOS\) Billing Manual](#) for proper modifier use. The information requested below is required to determine medical necessity. Complete this form and attach to the completed Prior Authorization Request (PAR).

FES: Complete questions 1, 2, 3, & 11

NMES for muscle atrophy: Complete questions 1, 4, 5, 6, & 11

NMES or TENS for pain: Complete questions 1, 7, 8, 9, 10, & 11

1. What is the complete diagnosis with complicating factors?	
2. If request is for a FES, what prior interventions have been trialed and failed in improving movement?	
3. If this is a convert to purchase FES, how has the FES improved movement to the treated area?	
4. If request is for a NMES to treat muscle atrophy, what interventions have been trialed and failed to improve muscle atrophy?	
5. If unit will be used on a contracted extremity, describe how this will be useful in addressing member's needs.	
6. If this is a convert to purchase NMES to treat muscle atrophy, how has the NMES improved muscle atrophy?	
7. If this request is for treatment of pain, list used or prescribed analgesics (drug/dose/route/frequency) prior to using TENS or NMES.	

8. Provision of a TENS unit is considered the final alternative in pain management. Explain the trigger point, traction, drug, and/or if appropriate, include the clinical results of each. This information is required to establish medical necessity. Note: Failure to respond fully will result in denial of this request.	
9. Identify any of the above medications that were reduced/discontinued dosage/frequency as a result of the use of TENS or NMES.	
10. If this is a convert to purchase request to treat pain during the trial period, did the TENS or NMES:	☐ Produce no relief ☐ Produce greater discomfort than the original pain ☐ Significantly alleviate pain
11. Supply any additional information that will assist us in determining medical necessity for this request:
