Dear Home and Community-Based Services or Behavioral Health Services Provider,

Dollars to Digitize: [ARPA 6.06 Grant Program](#). Apply today to advance your organization with new or enhanced digital technology!

The Department of Health Care Policy & Financing (the Department) and the Office of eHealth Innovation (OeHI) are extending an invitation to apply for an innovative funding opportunity to adopt, update, or upgrade digital technology for organizations.

The Department and OeHI will award \$18 million through an American Rescue Plan Act grant to home and community-based services (HCBS) and behavioral health providers to enhance and strengthen services through digital technology.

This opportunity will allow for organizations to become more efficient and financially viable, improve care coordination, and attract and retain more providers and staff.
