

DIRECT CARE WORKFORCE

WE DON'T HAVE ENOUGH WORKERS TO MEET DEMAND, AND IT'S GETTING WORSE.

WHAT WE ARE UP AGAINST

LOW RECRUITMENT AND HIGH TURNOVER

DEVALUED WORKERS

INADEQUATE COMPENSATION

WHAT WE CAN DO ABOUT IT

Expand training and advancement opportunities, award credit for prior learning and experience, enhance recruitment efforts

Raise awareness, show support, invest, express appreciation

Higher Medicaid reimbursement rates, better wages, raises and bonuses; expand benefits and wrap-around supports such as offering health insurance, paid leave, or child care assistance

GET INVOLVED

We need your ideas, too! Your voice, values, vision, and experience are key to creating innovative solutions that address the growing demands facing the direct care workforce.
