Title of Rule: Revision to Medical Assistance Act Concerning the Home Health Benefit, Section 8.520 Rule Number: MSB 24-12-31-A Division / Contact / Phone: Benefits and Services Management / Paul Hutchings / 303-866-4944

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

The Department is revising the rules and regulations governing the Home Health benefit. The Home Health Rule (10 CCR 2505-10 Section 8.520) outlines the provision of home health services under Health First Colorado (Colorado's Medicaid Program), including criteria for services, provider eligibility, covered services, and provider services. This rule is designed to serve Health First Colorado Members, both children and adults, who require in-home skilled nursing, therapies, or certified nurse aide services due to medical conditions.

The updated Home Health Rule addresses outdated or unclear language, refines areas requiring edits, and improves overall readability. Changes include rephrasing, clarification, restructuring, and removing redundant sections where appropriate. For example, terminology adjustments, such as replacing "client" with "Member," were made to align with current standards. These modifications are essential to enhance the benefit for both Members and providers, ensuring clarity, accessibility, and effectiveness in delivering home health services.

The proposed updates to the Home Health Rule are designed to align with the recently revised Private Duty Nursing (PDN) Rules (Section 8.540), approved by the Medical Services Board on May 10, 2024. To maintain consistency between these benefits, many definitions and terms from the PDN Rules have been incorporated into the Home Health Rules. In addition, the Home Health Rule outlines using the Acuity Tool, developed in collaboration with For Health Consulting as part of the American Rescue Plan Act (ARPA) Project 6.01. This proprietary, evidence-based tool assesses medical necessity for skilled services within the Medicaid program.

2. An emergency rule-making is imperatively necessary

to comply with state or federal law or federal regulation and/or
 for the preservation of public health, safety and welfare.

Title of Rule: Revision to Medical Assistance Act Concerning the Home Health Benefit, Section 8.520 Rule Number: MSB 24-12-31-A Division / Contact / Phone: Benefits and Services Management / Paul Hutchings / 303-866-4944

REGULATORY ANALYSIS

5. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

Health First Colorado Members of all ages will experience improved quality of care and more effective service delivery under the updated rule. This includes those who receive or may qualify for in-home skilled nursing, therapy, or certified nurse aide services. Providers will benefit from enhanced clarity and consistency in the regulations, reducing compliance challenges and increasing operational efficiency. The proposed rule will help the Department's Utilization Management (UM) vendor, Acentra Health to improve the efficiency of their decision-making processes and reduce ambiguities in determining medical necessity.

6. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

The quantitative impact of the proposed rule revision is minimal and primarily involves one-time administrative costs for providers, such as staff training and updating documentation processes. The qualitative impact will likely be more significant for Health First Colorado Members. The proposed rule's emphasis on clarity will contribute to a more equitable and efficient healthcare delivery system for Members, especially those requiring complex or long-term care service. It will enhance their ability to access care, improve their experience within the Health First Colorado system, and promote better health outcomes through improved care coordination and satisfaction.

7. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

The Department will incur minimal costs for implementing the revised rule, such as creating educational materials and hosting provider training sessions. Key components of the Home Health Rule change, such as the Acuity Assessment Tool created in collaboration with ForHealth Consulting through the American Rescue Plan Act (ARPA) Project 6.01 and the Nurse Assessor approved in the FY 2024-25 Budget Request R-10, are already established and will not impact the budget further. Other agencies are unlikely to incur significant costs since these revisions are specifically related to HCPF.

Title of Rule: Revision to Medical Assistance Act Concerning the Home Health Benefit, Section 8.520 Rule Number: MSB 24-12-31-A Division / Contact / Phone: Benefits and Services Management / Paul Hutchings / 303-866-4944

Additionally, the proposed rule is not anticipated to significantly affect future state revenues.

8. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

The updated rule revision will improve clarity, functionality, and service delivery, ultimately enhancing Members' experience and simplifying provider compliance. Inaction would perpetuate outdated and unclear language, leading to possible confusion, inconsistent service delivery, and challenges with compliance.

9. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

Alternative methods like issuing guidance or FAQs would not fully address the structural issues in the current rule, leaving gaps in clarity and efficiency. A comprehensive rule update is necessary to resolve these problems.

10. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

No less costly or intrusive methods could achieve the same level of improvement. Partial updates or supplemental guidance would fall short of addressing the underlying issues in the existing rule, making the comprehensive revision process essential to achieving the intended benefits for both Members and providers.

- ii) When an initial assessment visit is ordered by a <u>physician Physician or</u> <u>Allowed Practitioner</u>, and there is a reasonable expectation that ongoing nursing or CNA care may be needed. Initial nursing assessment visits cannot be reimbursed if provided solely to open the case for physical, occupational, or speech therapy.
- iii) When a nursing visit involves the nurse performing a nursing task for the purpose of demonstrating to the <u>ClientMember</u> or the <u>ClientMember</u>'s <u>unpaid family member/caregiver-Family/In-Home Caregiver</u> how to perform the task, the visit is not considered as being solely for the purpose of assessing and teaching. A nursing visit during which the nurse does not perform the task, but observes the <u>ClientMember</u> or <u>unpaid family member/caregiver-Family/In-Home Caregiver</u> performing the task to verify that the task is being performed correctly is considered a visit that is solely for the purpose of assessing and teaching and is not covered.
- iv) Nursing visits provided solely for the purpose of assessment or teaching cannot exceed the frequency that is justified by the ClientMember's documented medical condition and symptoms. Assessment visits may continue only as long as there is documented clinical need for assessment, management, and reporting to physician Physician or Allowed Practitioner of specific medical conditions or symptoms which are not stable or not resolved. Teaching visits may be as frequent as necessary, up to the maximum reimbursement limits, to teach the ClientMember or the ClientMember's unpaid family member/caregiver Family/In-Home Caregiver, and may continue only as long as needed to demonstrate understanding or to perform care, or until it is determined that the ClientMember or unpaid family member/caregiver Family/In-Home Caregiver is unable to learn or to perform the skill being taught. The visit in which the nurse determines that there is no longer a need for assessment or teaching shall be reimbursed if it is the last visit provided solely for assessment or teaching.
- v) Nursing visits provided solely for the purpose of assessment or teaching are not reimbursed if the <u>ClientMember</u> is capable of self-assessment and of contacting the <u>physician Physician or Allowed Practitioner</u> as needed, and if the <u>ClientMember</u>'s medical records do not justify a need for <u>ClientMember</u> teaching beyond that already provided by the hospital or attending <u>physician Physician or Allowed Practitioner</u>, as determined and documented on the initial Home Health assessment.
- vi) Nursing visits provided solely for the purpose of assessment or teaching cannot be reimbursed if there is an available and willing unpaid family member/caregiver Family/In-Home Caregiver who is capable of assessing the <u>ClientMember</u>'s medical condition and needs and

 - e If applicable, written instructions from the therapist or other medical professional to support a current need when range of motion or other therapeutic exercise is the only skilled service performed on a CNA visit;
 - f. When the PAR includes a request for nursing visits solely for the purpose of prepouring medications, evidence that the <u>clientMember</u>'s pharmacy was contacted, and advised the Home Health Agency that the pharmacy will not provide medication set-ups, shall be documented; and
 - g. When a PAR includes a request for reimbursement for two aides at the same time to perform two-person transfers, documentation supporting the current need for two-person transfers, and the reason adaptive equipment cannot be used instead, shall be provided.
 - Long_-Term Home Health Services for <u>clientMember</u>s 20 years of age or younger require prior authorization by the Department or its Designee using the approved utilization management tool.
- 38 <u>5</u>4. Authorization time frames:
 - a. PARs shall be submitted for and may be approved for up to a one-year period.
 - b The Department or its Designee may initiate PAR revisions if the Plans of Care indicate significantly decreased services.

| 1 2 3 4 5 | | c. PAR revisions for increases initiated by Home Health Agencies shall be submitted and processed according to the same requirements as for new PARs, except that current written assessment information pertaining to the increase in care may be submitted in lieu of the <u>CMS-485 CMS-485 Plan of Care, or a form that is of similar format to the CMS-485</u> . | | | | |
|--|-------------|---|--|--|--|--|
| 6 7 | <u>6</u> 5. | The PAR shall not be backdated to a date prior to the 'from' date of the CMS-485 CMS- 485 Plan of Care, or a form that is of similar format to the CMS-485. | | | | |
| 8 9 | <u>7</u> 6. | The Department or its Designee shall approve or deny according to the following guidelines for safeguarding client<u>Member</u>s: | | | | |
| 10 11 12 13 14 | | a. PAR Approval: If services requested are in compliance with Medicaid rules <u>and</u> are medically necessary and appropriate for the diagnosis and treatment plan, the services are approved retroactively to the start date on the PAR form. Services may be approved retroactively for no more than 10 days prior to the PAR submission date. | | | | |
| 15 | | b. PAR Denial: | | | | |
| 16 17 18 19 20 21 | | i) The Department or its Designee shall notify Home Health Agencies in writing of denials that result from non-compliance with Medicaid rules or failure to establish <u>Mm</u> edical <u>Nn</u> ecessity (e.g., the PAR is not consistent with the <u>clientMember</u> 's documented medical needs and functional capacity). Denials based on <u>Mm</u> edical <u>Nn</u> ecessity shall be determined by a registered nurse, or physician <u>Physician or Allowed Practitioner</u> . | | | | |
| 22 23 24 25 26 27 28 29 30 | | ii) When denied or reduced, services shall be approved in accordance with <u>Section 8.057.5.</u> for 60 additional days after the date on which the notice of denial is mailed to the client, through August 31, 2022. If the denial is appealed by the member in accordance with Section 8.057, services will be maintained for the duration of the appeal until the final agency action is rendered. After August 31, 2022, services shall be approved for an additional 15 days after the date on which the notice of denial is mailed to the client. Services may be approved retroactively for no more than 10 days prior to the PAR submission date. | | | | |
| 31 32 33 34 35 | | c. Interim Services: Services provided during the period between the provider's submission of the PAR form to the Department or its Designee, to the final approval or denial by the Department may be approved for payment. Payment may be made retroactive to the start date on the PAR form, or up to 30 working days, whichever is shorter. | | | | |
| 36 37 38 39 | | i) If the PAR is denied and the Member appeals that denial, the Department will not be the proponent of an order regarding that denial solely by virtue of having provided interim services. The Member will maintain the burden of proof to establish eligibility for services requested in the PAR. | | | | |

When a Home Health Agency decides to terminate services to a <u>clientMember</u> who needs and wants continued Home Health Services, and who remains eligible for coverage of services under the Medicaid Home Health rules, the Home Health Agency shall give the <u>clientMember</u>, or the <u>clientMember</u>'s designated representative/legal guardian, written advance notice of at least 30 business days. The <u>Ordering Practitioner</u> Physician or Allowed Practitioner and the Department's Home Health Policy Specialist shall also be notified.
 - 2. Written notice to the <u>ClientMember</u>, or <u>ClientMember</u>'s designated representative/legal guardian shall be provided in person or by certified mail and shall be considered given when it is documented that the recipient has received the notice. The notice shall provide the reason for the change in services
 - 3. The agency shall make a good faith effort to assist the <u>ClientMember</u> in securing the services of another agency.
 - 4. If there is indication that ongoing services from another source cannot be arranged by the end of the advance notice period, the terminating agency shall ensure <u>ClientMember</u> safety by making referrals to appropriate case management agencies or County Departments of Social Services; and the attending <u>physician Physician or Allowed</u> <u>Practitioner</u> shall be informed.
- 255.Exceptions will be made to the requirement for 30 days advance notice when the provider26has documented that there is immediate danger to the ClientMember, Home Health27Agency, staff, or when the ClientMember has begun to receive Home Health Services28through a Medicaid HMO.
