

# Electronic Visit Verification Training Update

## Training Overview

March 2020

Electronic Visit Verification (EVV) training is required for all providers utilizing an EVV system, including State EVV Solution and Provider Choice Solution users. Self-paced training is available at any time and free of charge. Learn more about self-paced training options and additional training materials for both solutions on the [EVV Webpage](#) under State Solution Provider Information and Provider Choice System Information. Extensive in-person and webinar training was offered in summer and fall of 2019. Additional webinar trainings are now available, please see below for details.

All training options offer a train-the-trainer model. This allows for up to two staff who are knowledgeable about the provider agency's administrative practices to attend training and take the information learned back to the provider agency to train other staff members.

## Three-Part Webinar Training Announced

The Department has added two additional EVV training webinar opportunities. This set of webinars will be available in a live three-part webinar series. Each webinar part will be approximately two hours with a capacity of 100 online participants. This three-part webinar series is free and only providers using the State EVV Solution may participate.

**All three sessions must be completed** to receive State EVV Solution credentials. Credentials for entering the State EVV Solution will be provided within 48 hours of completing the **webinar series**. The two available options to complete the three-part webinar series are:

Tuesday, May 5, 2020

- 9 a.m. - Part 1
- 11:30 a.m. - Part 2
- 2:30 p.m. - Part 3

Thursday, May 14, 2020

- 9 a.m. - Part 1
- 11:30 a.m. - Part 2
- 2:30 p.m. - Part 3

## Registration

Registration is open now and **up to two staff members per Medicaid ID** may register. Follow this link to register: [State Solution User Registration Link](#).
