Prescriber Tool APM Goals

Improving the accessibility of prescription therapies for all Coloradans and reducing the cost burden of pharmaceutical spending on Colorado residents and payers

Support accurate reporting of RTBI module function and use

Increase interest in the Prescriber Tool

Training Purpose

This short training session will inform you of the following:

- An overview of the Performance Dashboards
- Getting started: provider communications, dashboard access
- Instructions for completing the Login Process
- Where to direct questions or request technical assistance
- A description of Performance Dashboard content, including survey and training completion

**Please refer to the companion Prescriber Tool APM User Guide for detailed instructions.*

Performance Dashboards

- Hosted on a secure webpage accessible only to participating practices.
- Accessible and presents data per practice NPI.
- Serves as access point for the survey required for incentive payment eligibility.
- Displays data for each of the four quarters of State Fiscal Year (SFY) 2022-2023.
- Facilitates communication and transparency with data that will eventually inform incentive payment decisions.

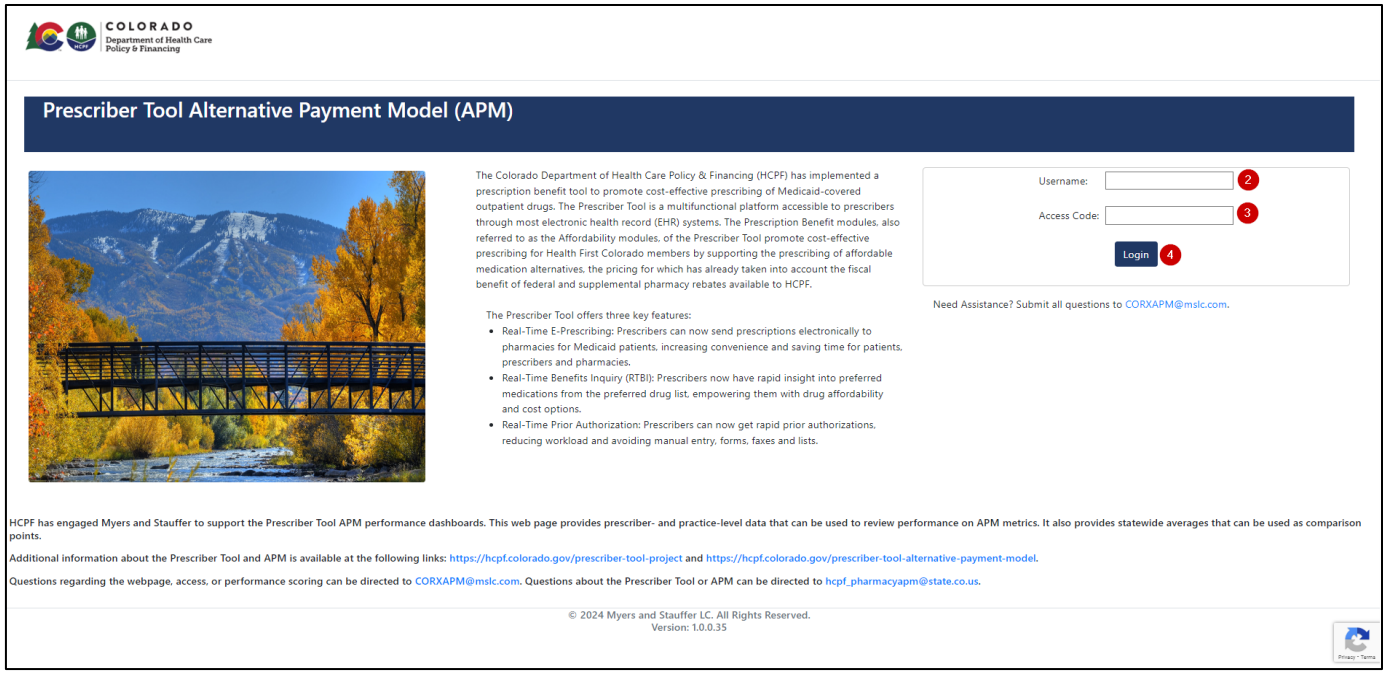
Getting Started

1. Each practice receives two emails from the dedicated email address: corxapm@mslc.com.
    - The first is an introductory message that includes a program overview and contact information for technical issues.
    - The second is practice-specific and includes login credentials (username and password).
2. The username for each practice is its 10-digit National Provider Identifier (NPI).
3. The password is a uniquely assigned 10-digit code, which cannot be changed. Lost or forgotten passwords may only be retrieved by contacting the dedicated email address.

Please refer to the Prescriber Tool APM User Guide for further instructions.

Login

1. Go to https://corxapm.mslc.com/ to arrive at the landing page.



2. Username: Enter the NPI for the practice.
3. Access Code: Enter the 10-digit unique code previously provided by email.
4. Click **Login** to take you to the Practice Dashboard view within the website.

Prescriber Tool APM Data Validation Survey and Training

Completion of this form is a requirement of the Prescriber Tool Alternative Payment Model (APM) program. This form supports engagement with provider-facing dashboards that display data on provider Preferred Drug List compliance and provider usage of the Real-Time Benefits Inquiry (RTBI) module of the Prescriber Tool. The Department is requesting feedback on the perceived accuracy of the RTBI use metric to ensure its validity for future program years when it will inform shared savings eligibility under this program.

This form should take 15-20 minutes to complete and must be completed in one attempt.

***Completion is required** to receive an incentive payment through Prescriber Tool APM program.*

This form can be completed by a prescriber or a practice manager, but the individual must be knowledgeable about the use of the RTBI module in their practice in order to provide feedback about metric accuracy.

When Finished

1. WHEN YOU ARE FINISHED REVIEWING THE DASHBOARD, please complete the survey, the link to which is included in the Practice Summary Page header.

   - ✓ The survey should take about 15 minutes to complete and will qualify the practice organization for a shared savings payment to be issued prior to June 30, 2024, as well as provide the Department with valuable feedback.

2. Log out by clicking on the Logout button located at the top of the Practice Summary page.

Reminder: The survey closes on March 31, 2024 and must be completed by this date to be eligible for a shared saving payment. Dashboards will be available for access and viewing until June 2024.

THANK YOU!
