

Health Behavior Assessment and Intervention (HBAI) Services

July 1, 2025

Overview

Starting July 1, 2025, the Colorado Department of Health Care Policy and Financing (HCPF) established the Integrated Care Sustainability Policy to both increase access to integrated care services for members, and build a sustainable reimbursement model for primary care providers who are incorporating behavioral health services into their practices.

A component of the Integrated Care Sustainability Policy includes allowance of Primary Care Medical Providers (PCMPs) to bill Health Behavior Assessment and Intervention (HBAI) codes and be reimbursed Fee-For-Service (FFS) or through a Managed Care Organization

Health Behavior Assessment and Intervention (HBAI) Codes

HBAI codes focus on assessment and interventions to address behavioral health issues in a medical setting. HBAI services can be used to help assess and intervene in the psychological and behavioral factors affecting a member's functioning.

Billing

Practices must be contracted with a Regional Accountable Entity (RAE) or MCO as a PCMP to bill HBAI codes. PCMPs should use the most appropriate diagnosis when billing HBAI codes, however, a behavioral health diagnosis is not required.

Reimbursement

HBAI services are provided by a licensed behavioral health provider in collaboration with a medical provider. Services may be provided in person and/or through telehealth. Practices may submit claims for reimbursement of HBAI codes for FFS

reimbursement if they are contracted with a RAE or MCO as a PCMP. The billing provider on the claim must be the PCMP billing as one of the following primary care provider types:

- 05 - Physician
- 16 - Clinic (primary care)
- 25 - Non-physician practitioner group
- 26 - Osteopath
- 32 - Federally Qualified Health Center (FQHC)
- 41 - Family/Pediatric Nurse Practitioner
- 45 - Rural Health Clinic (RHC)
- 51 - School Health Services

The rendering provider on the claim must be Medicaid-enrolled and oversee treatment. The rendering provider must be enrolled as one of the following types:

- 37 - Licensed Psychologist (PhD, PsyD, EdD)
- 38 - Licensed Behavioral Health Clinician

The place of service on the claim must be one of the following:

- 02 - Telehealth Provided Other than in Patient's Home
- 03 - School
- 04 - Homeless Shelter
- 05 - Indian Health Service Free-standing Facility
- 06 - Indian Health Service Provider-based Facility
- 07 - Tribal 638 Free-standing Facility
- 08 - Tribal 638 Provider-based Facility
- 10 - Telehealth Provided in Patient's Home
- 11 - Office
- 12 - Home
- 15 - Mobile Unit
- 19 - Off Campus-Outpatient Hospital
- 22 - On Campus-Outpatient Hospital

Post-masters level providers working towards clinical licensure may provide the HBAI service, however, the rendering provider on the claim must be listed as the licensed

clinician that is enrolled in Medicaid that is either providing or supervising the integrated care service.

Billing or rendering providers who are also behavioral health clinicians must be licensed as well as credentialed.

Restrictions

A HBAI code and a Collaborative Care Management (CoCM) code cannot be billed together for the same member in the same month. A HBAI and a General Behavioral Health Integration (BHI) code cannot be billed together for the same member in the same month. Lastly, a HBAI code and a psychotherapy code cannot be billed together on the same date of service.

Health Behavior Assessment and Intervention Codes			
Code	Service Description	Time	Provider Types
96156	Health behavior assessment, or re-assessment (i.e., health-focused clinical interview, behavioral observations, clinical decision making).
