Rule and Regulation Changes for Case Management Redesign (CMRD)

- CMRD changes the structure of Case Management Agencies (CMAs) in Colorado
- CMAs will provide case management for all 10 waivers, SEP/CCB/Private
 - Impacts rules across the board

Goals for the Rule Updates

1. Minimize duplication within the rules and make sure requirements are consistent across programs.
2. Help everyone involved understand their roles and responsibilities.
3. A rule structure that is easy to follow and understand.

Roles & Responsibilities

- **Department: Tiffani Domokos & Nicolette Anderson (Cordova)**
 - Introductions, guidance, monitoring and moving conversation, walk through rule changes, timekeeping, monitoring questions in the queue, overall flow of meeting and directing questions
- **Department Subject Matter Experts (SMEs)**
 - Addressing questions, concerns, comments as they relate to the rule updates, changes, guidance, movement, language, structure etc.
- **HCBS Strategies Inc.**
 - Record keeping in for of Listening Logs & Issues for further discussion, follow up, assist with walking through of the rule changes, recording/addressing questions in the queue, assisting with time management and follow up question management

How are we going to get through all these Rules???

In order to respect everyone's time we have developed a meeting structure:

1. Dept. will pause for a designated time frame for questions/idea share after each rule topic.
2. Ideas will be added to Listening Logs
3. Issues unrelated to rule topic we are discussing will be added to the “Issues for further discussion”
4. If we run out of time for all comments, place your question or idea in the chat to be added to one of the Logs and Department will respond.
