TITLE: DXC CDASS CASE MANAGEMENT BRIDGE TRAINING

SUPERSEDES NUMBER: N/A

ISSUE DATE: JULY 27, 2018

EFFECTIVE DATE: AUGUST 7, 2018

**DIVISION AND OFFICE: BENEFITS AND SERVICES MANAGEMENT DIVISION,
OFFICE OF COMMUNITY LIVING**

PROGRAM AREA: CONSUMER DIRECT ATTENDANT SUPPORT SERVICES

APPROVED BY: RHYANN LUBITZ

KEY WORDS: CONSUMER DIRECTION, WEBINAR, TRAINING

HCPF Memo Series can be accessed online: <https://www.colorado.gov/hcpf/memo-series>

Purpose and Audience:

The purpose of this Informational Memo is to provide Single Entry Point (SEP) and Community Centered Board (CCB) case management agencies with the registration details of the upcoming Bridge training for Consumer Directed Attendant Support Services (CDASS).

Information:

The Bridge has a new addition to the system's functionality supporting Consumer Directed Support Services (CDASS) to be entered in the system for Pre Prior Authorizations (PPA). DXC is providing Bridge training for SEP and CCB case management agencies to provide case management agencies with the knowledge to perform the required steps to obtain approval for members to receive services through the CDASS delivery option. This training will prepare CCB case managers for the implementation of CDASS as an available option in the Supported Service Living (SLS) waiver and SEP case managers with the new process for submitting PPAs for new

CDASS PARs. Case managers need to attend one of the webinar trainings offered below.

Registration options and links for Bridge CDASS Webinar Training:

- Option 1-August 7th, 2018: 8:30am-12pm;
<https://attendee.gotowebinar.com/register/641288350187478529>
- Option 2-August 9th, 2018: 12:30pm-4:00pm;
<https://attendee.gotowebinar.com/register/8290422519346098689>
- Option 3-August 14th, 2018: 8:30am-12pm;
<https://attendee.gotowebinar.com/register/5051153511778462465>

Note: Space is limited and registration for that date will close when full. Case management agencies are recommended to register only once if attendees are participating at the same location using one connection.
