Approved By: Colin Laughlin	

HCPF Memo Series can be accessed online: <https://www.colorado.gov/hcpf/memo-series>

Purpose and Audience:

The purpose of this Informational Memo is to notify case managers, service providers, members, families, and other interested stakeholders of updates to the Organized Health Care Delivery System (OHCDS) process as it pertains to reimbursement of specific Non-Medical Transportation (NMT) codes.

Information:

As the acting OHCDs, Case Management Agencies (CMA) will be responsible for the purchase of approved items and services. In these circumstances the CMA will become an enrolled provider and submit claims for reimbursement based on the prior authorization requests. As it pertains to NMT, reimbursement will include public conveyance billing codes A0110, T2004 and T2003 U8 SC. The CMA may only submit claims under these codes for transportation passes purchased for the benefit of transportation provided by the Regional Transportation District (RTD). This change is temporary and in effect until such time, as determined by the Department of Health Care Policy & Financing (HCPF).
