Purpose and Audience:

The purpose of this Informational Memo is to inform stakeholders of an opportunity to provide feedback on upcoming county rule changes.

Information:

Beginning in December 2024, HCPF began to solicit input on the County Administration Rules. HCPF's County Administration rules govern the Medical Assistance fiscal and programmatic operations of the county departments of human/social services (counties). These rules set standards for fiscal and program compliance, customer service, non-discrimination and accessibility, and more. These rules do not apply to eligibility determinations or actions taken in the eligibility determination system.

We are encouraging providers, advocates, members, and the general public to provide feedback on the [suggested changes to the rules](#). Interested parties can provide feedback by providing [written comments](#) or by participating in a stakeholder meeting.

A full list of stakeholder meetings, a copy of the suggested changes to rules, and the comment form can be found on the [county rulemaking webpage](#).
