Setting Type

☒ Alternative care facility (ACF)
☐ Group Residential Services and Supports (GRSS) group home
☐ Individual Residential Services and Supports (IRSS) host home
☐ Individual Residential Services and Supports (IRSS) other
☐ Supported Living Program (SLP) facility under BI waiver
☐ Transitional Living Program (TLP) facility under BI waiver

Waivers Served

☐ Community Mental Health Services (CMHS) for Persons with Major Mental Illnesses
☒ Elderly, Blind and Disabled (EBD)
☐ Persons with Brain Injury (BI)
☐ Persons with Developmental Disabilities (DD)

Reason(s) for Heightened Scrutiny

☐ Located in a building that is also a publicly or privately operated facility that provides inpatient institutional treatment (such as a hospital, nursing facility, ICF/IID, or IMD);
☒ Located in a building on the grounds of, or adjacent to, a public institution; or
☐ Has the effect of isolating individuals receiving Medicaid home- and community-based services (HCBS) from the broader community of individuals not receiving Medicaid HCBS

Setting Description

The setting is located directly across the street from a hospital that owns and operates the Alternative Care Facility (ACF). The ACF has separate operations, staff, policies and procedures from the hospital. Policies and procedures only address the ACF and all hospital related information and logos have been removed.
### Compliance Summary

<table>
<thead>
<tr>
<th>Compliant?</th>
<th>Federal Requirement</th>
<th>Summary of Evidence of Compliance</th>
</tr>
</thead>
<tbody>
<tr>
<td>☒ Yes</td>
<td>The setting is integrated in and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS. <em>Id. § 441.304(c)(4)(i).</em></td>
<td>The setting is integrated in and supports full access of the individuals to the greater community. The setting has a monthly calendar posted, with opportunities for community activities. The calendar includes community events from the local newspaper, along with opportunities available through the local recreation center. The monthly calendar also includes transportation available to individuals with the Rangely Rambler County bus. Individuals are asked at their &quot;resident council meeting&quot; what they would like to do, and how they would like to get involved in the Rangely community. Individuals are also involved in community volunteer opportunities such as making ornaments for the hospital, meals on wheels recipients, supporting animal shelter food drives and making blankets to give to the local ambulance and police departments for their vehicles.</td>

</table>
| ☐ Partial  | The setting is selected by the individual from among setting options including non-disability specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the person-centered service plan and are based on the individual’s needs, preferences, and for residential settings, resources available for room and board. *Id. § 441.301(c)(4)(ii).* | In Colorado, case management agencies are responsible for:  
- working with the individual to ensure that the setting is selected by the individual from among setting options including non-disability-specific settings and, where residential supports will be provided, an option for a private unit in a residential setting;  
- ensuring that setting options are identified and documented in the person-centered support plan and are based on the individual’s needs, preferences, and for residential settings, resources available for room and board; and  
- supplying the person-centered support plan to provider agencies for implementation. Provider agencies are responsible for implementing the person-centered support plan. They are also responsible for referring individuals to their case management agency if they want to request a different provider or setting. |
| ☐ No       | | As part of the site-specific verification process, the state verified that providers complied with their responsibilities relating to |
inform choice. This process included verifying that settings did
not have compliance issues such as telling individuals that they
must receive services there, even if they would prefer something
else.

In conjunction with case management, the setting is selected by the
individual from setting options, and those options are documented
in the person-centered plan.

Yes ☒
Partial ☐
No ☐

The setting ensures an individual’s
rights of privacy, dignity, respect,
and freedom from coercion and
restraint. *Id. § 441.301(c)(4)(iii).*

Provider policies and procedures align with federal and state
requirements on rights of privacy, dignity, respect and freedom from
coercion and restraint. The setting ensures that individuals are free
from physical, chemical and mechanical restraints. Individuals have
an area where private phone calls can be made. The provider no
longer utilizes a medication cart to administer medications, as that
was an institutional practice. Their staff dress code has also been
updated to eliminate the use of scrubs.

Yes ☒
Partial ☐
No ☐

The setting optimizes, but does not
regiment, individual initiative,
autonomy, and independence in
making life choices, including but not
limited to, daily activities, physical
environment, and with whom to
interact. *Id. § 441.301(c)(4)(iv).*

Individuals are supported to choose the setting they reside in, who
provides services to them and are supported in making informed
decisions. Individuals in the setting determine their daily activities
and set their own schedule. Individuals are free to come and go at
will. There are no scheduled times that individuals need to be in the
setting, as all individuals have a key to the home. Individuals are
able to exercise personal choice in all aspects of their lives.

Yes ☒
Partial ☐
No ☐

The setting facilitates individual
choice regarding services and
supports, and who provides them. *Id.
§ 441.301(c)(4)(v).*

The individuals can exercise personal choice regarding services
and supports, and who provides them.

Yes ☒
Partial ☐
No ☐

The unit or dwelling is a specific
physical place that can be owned,
rented, or occupied under a legally
enforceable agreement by the
individual receiving services, and the
individual has, at minimum, the same
responsibilities and protections from
eviction that tenants have under the
landlord-tenant law of the State,
county, city or other designated
entity. For settings

The provider has modified the residential agreement to ensure that
it is a legally enforceable agreement and provides protection from
eviction and appeals.
where landlord-tenant laws do not apply, a lease, residency agreement, or other form of written agreement is in place for each HCBS participant providing protections that address eviction processes and appeals comparable to those provided under the jurisdiction’s landlord-tenant law. Id. § 441.301(c)(4)(vi)(A)

Summary of Findings From Desk Review and/or Site Visit(s)

The state reviewed the Provider Transition Plan (PTP) and supporting materials submitted by the provider for this setting. Through an iterative process, the state worked with the provider to ensure that the PTP accurately identified all compliance issues and heightened scrutiny triggers and reflected resolution of all such issues (or a plan to timely finish doing so).

The state reviewed the following materials submitted by the provider:
- Rights of Persons Handout
- Grievance/Complaint Policy
- Medication Policy
- Mistreatment Policy
- Physical Intervention Policy
- Incident Reporting Policy
- Money Management Policy
- Lease/Residency Agreement
- Admission/Discharge Policies
- House Rules
- Recent Month Calendar of Community Activities
- Snacks Policy
- Locking of the Doors Policy
- Dress Code Policy
- Receipt for door keys

If the provider updated any of these materials, the findings in this evaluation reflect the most recent version of each item.

A site visit was completed by state staff in 2017. A number of compliance issues were identified, primarily with the ACF demonstrating institutional characteristics adopted from the hospital that it shares ownership with. A remedial plan was put in place and the provider made all the necessary changes required with compliance reached in 2020. To meet requirements, the provider eliminated the use of scrubs and nametags, removed references to the hospital within all policies, made changes to procedures to ensure community integrated opportunities, discontinued the use of med carts and completed person-centered thinking training for all staff. The provider also revised the house rules and residential agreement to remove all broadly restrictive information and meet the requirements of the Settings Final Rule. At this time, no further action is required. Final compliance will be verified with a future site visit.

Summary of individual interviews: Individual interviews were completed during the state site visit. Individuals reported having their own bedrooms with lockable doors. They felt that their belongings were secure. The individuals in the home stated that the staff respected their privacy and knocked before entering their bedroom. Both individuals reported being able to manage their own funds. The individuals interviewed had their own vehicles and were able to freely access the community.

The Individual/Family/Advocate (IFA) Survey results were reviewed, and no comments were submitted for this setting.
