Prior HRC Stakeholder Engagement

The Department received the following recommendation: HCPF should develop a process and protocols for PRN psychotropic medications for sleep challenges and event specific anxiety.

The Stakeholder workgroup met in March and April 2021 to discuss potential options for allowing PRN psychotropic medications. **THANK YOU FOR YOUR VALUABLE CONTRIBUTIONS!**

The Department is currently reviewing the suggestions from the stakeholder group to determine any changes and/or next steps.

Recommendation

- HCPF should issue an operational memo to provide clarity to Community Centered Board's (CCBs), Provider Agencies and HRC's on psychotropic medication reviews.
 - Provide clarity around HRC's role of reviewing the process of psych med review rather than review of the meds themselves.
