Purpose of Today's Meeting:

Review the IDD Waiver Redesign Stakeholder Survey Results on next steps and determine how to proceed in IDD Waiver Redesign work.

The Goal of Waiver Redesign:

The goal of the Adult IDD Waiver Redesign is to consolidate the Home and Community-Based Services (HCBS) Developmental Disabilities (DD) and Supported Living Services (SLS) waivers into a single HCBS waiver for Adults with IDD. This new waiver will include an array of broad, flexible services and spectrum of service delivery options that enhance individual choice, autonomy and community engagement. This waiver will also employ Person-Centered Planning and service delivery that provides for health and safety assurances and sound stewardship of public funds.

Reasonable accommodations will be provided upon request for persons with disabilities. Please notify John Barry at john.r.barry@state.co.us or the 504/ADA Coordinator at hcpf504ada@state.co.us at least one week prior to the meeting to make arrangements.

Our mission is to improve health care access and outcomes for the people we serve
while demonstrating sound stewardship of financial resources.
