SMART Hearing Overview

COLORADO

Department of Health Care
Policy & Financing

Data Submission Review

- Data covers FY 2023-24
- 84 of 85 hospitals submitted data that met requirements
- 64,173 patients were reported as eligible for Hospital Discounted Care
 - Total of 365,746 patients included in data
 - No screening data reported for 218,018 patients

Patients with only Demographics

- 218,018 patients included in demographics and nowhere else
 - 1,128 only had payment plan information
 - 19,522 only had collections information
 - 52,717 insured with no screening/application
 - 144,651 uninsured with no screening/application

Reported Final Determinations

Note: graph does not include the 218,018 patients whose final determinations were not included in the data. Additionally, some patients may be included in multiple determination groups if they had a change during the fiscal year.
